Kelly, I am in receipt of your fax on 8/15/2000. The NMOCD requires that you submit a C-103 for each of your 6 wells in NM of your intentions for the wells with plans and start dates by Aug 31, 2000. Your well data has been submitted to the NMOCD attorney to schedule a Show Cause Hearing in Sept. If we do not receive the appropriate paperwork and work is not started then our plans to go to hearing will be carried out. We require 24 hour notice prior to pressure testing of TA wells so that we can witness the test. If you have further questions you can reach me at 505-393-6161 ext 107 or cell phone 505-369-6412.
