Attention: Mr. Tim Gum

Re: Case No. 12811 Compliance Hearing
McQuadrangle, LLC/Operator
South Redlake Grayburg Project
Eddy County, NM

BEFORE EXAMINER STOCKNER	
OIL CONSERVATION DIVISION	
OCD	EXHIBIT NO. 129
CASE NO.	12811

Dear Mr. Gum:

On behalf of McQuadrangle, LLC, sole owner and operator of numerous wells in what was previously known as the South Redlake Grayburg Unit, Eddy County, NM, a federal unit terminated by the Bureau of Land Management, effective September 18, 1998, due to non-production, I have been asked to provide information concerning the captioned hearing, scheduled March 22, 2002, in Santa Fe, NM.

This unit had been neglected for years by the previous operator (Mason Phillips) prior to McQuadrangle, LLC obtaining the remaining wells and leasehold through a costly suit and judgment filed in District Court, Eddy County, NM.

Leasehold, including several wells, was terminated due to non-production during this process.

"McQuadrangle" was approved as operator in 1999, and has since turned a field of shut-in, temporarily abandoned state and federal wells into a commercial property, at a great expense in terms of time, effort and money.

"McQuadrangle" itself was not satisfied with the performance of its field supervisor in getting these 50 wells into compliance, and has obtained the services of a prudent and competent field supervisor, Morexco, Inc., to do so.

Included herewith are NMOCD and BIM forms reflecting the work that has been accomplished thus far, as well as the present status of the wells in question.

"McQuadrangle" has also taken great measures in cleaning up this field, as well as land, legal and title issues.

Page 2
March 12, 2002

"McQuadrangle" has been granted approval by the BLM to re-unitize the remaining wells and leasehold.

This information should evidence the intent of the present operator concerning these wells.

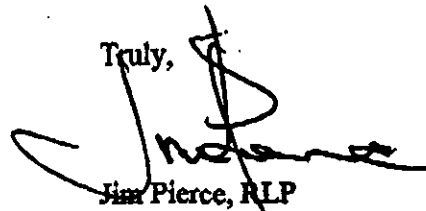

It has been the intent of McQuadrangle, LLC to have all wells utilized and in compliance, since being forced to take over operations due to the non-prudent practices of the previous operator.

We, hereby, request that "McQuadrangle" be excused from the March 22, 2002 hearing, and allowed to continue with its scheduled plan of development.

We appreciate your help and consideration.

Please contact me should you have questions or need additional information.

Truly,

A handwritten signature in black ink, appearing to read "Jim Pierce", is written over a horizontal line.

Jim Pierce, RLP

JP

Encl.

McQuadrangle, LLC/Operator**South Redlake Grayburg Unit Project Report**
Eddy County, New Mexico

1. Well #10: Back in service December, 2001.
2. Well #32: Back in service February, 2002.
3. Well #24: Attempted to return to service. Spent 3+ days trying to get past collapse casing @ 120 feet. Will return to production within ninety (90) days.
4. Well #16: Plan to deepen to San Andres formation. Moved in with backhole March 13, 2002, to dig out and repair casing. Three (3) days later with backhole and jackhammer @12 feet. Casing not good enough to weld to. Plan to move in track hole and dig to 20 feet in attempt to repair casing.
5. Well #23: After completion of Well #16, will move tubing to #23. There is a tubing fish below 1,100 feet. Will fish tubing and run pump to T.D. and use pump jack purchased for Well #24.
6. Well #22 and #40: Plan to plug and abandon. Procedure sent to Basic Well Service for quote.
