STATEMENT OF THE CASE

APPLICANT

Applicant seeks an order approving a 160-acre non-standard spacing and proration unit (project area) in the Wolfcamp formation comprised of the E/2E/2 of Section 1, Township 24 South, Range 28 East, NMPM. Applicant further seeks the pooling of all mineral interests in the Wolfcamp formation underlying the non-standard spacing and proration unit (project area) for all pools or formations developed on 40 or 320 acre spacing within that vertical extent. The unit is to be dedicated to the Dr. Scrivner 1-24S-28E RB Well No. 224H, a horizontal well with a surface location 250 feet from the south line and 350 feet from the east line of Section 1. The producing interval will be unorthodox, with the penetration point 330 feet from the south line

and 350 feet from the east line, and the last perforation 330 feet from the north line and 350 feet from the east line, of Section 1. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Matador Production Company as operator of the well, and a 200% charge for the risk involved in drilling and completing the well.
