

**Proposed amendments to 19.15.36.18 CLOSURE AND POST CLOSURE:**

1. To make consistent within the proposed Rule 36, removing “safety” from:

36.18(A)(2)

36.18(A)(5)

Proposed 36.18(G)(1) and 36.18(G)(2)

2. To make consistent within the proposed Rule 36, adding “post closure” to:

36.18(A)(1)

36.18(A)(2)

36.18(A)(3)

36.18(A)(5)

Proposed 36.18(G)(2)(b)

Proposed 36.18(G)(3)

Proposed 36.18(G)(4)(b)

Proposed 36.18(G)(4)(c)

3. To re-organize the order of Sections by deleting current 36.18(C), and moving the section, with minor amendments discussed above, to proposed 36.18.(G). Current 36.18(D) becomes 36.18(C), Current 36.18(E) becomes 36.18(D), Current 36.18(F) becomes 36.18(E), and Current 36.18(G) becomes 36.18(F).

4. Proposed language 36.18(A)(1):

A. Surface waste management facility closure by operator.

(1) The operator shall notify the division’s environmental bureau at least 60 days prior to cessation of operations at the surface waste management facility and provide a proposed schedule for closure. Upon receipt of such notice and proposed schedule, the division shall review the current closure and post closure plan (post closure is not required for oil treating plants) for adequacy and inspect the surface waste management facility.

**Proposed amendments to 19.15.36.19 EXCEPTIONS AND WAIVERS:**

1. To make consistent within the proposed Rule 36, removing “safety” from:
