Note: This Table Included In Appendix A of the C-108 application dated 7/12/2016 represents the verification of the total depths of all wells reported deeper than 10,000 feet. This confirms the material presented in the application and corrects the TD of two wells shown in bold above. This review was done at the request of Mr. Phillip Goetze and Mr. Will Jones of NMOCd via telephone conversation on 8/16/2016.
