RE: CASE NUMBER 15,528 DCP MIDSTREAM LP PROPOSED ZIA AGI #2D

This letter is to advise you that DCP Midstream LP ("DCP") filed the enclosed application on July 12, 2016, with the New Mexico Oil Conservation Commission seeking authorization to drill an Acid Gas Injection (AGI) well at their Zia Plant (the "Plant") in Lea County, New Mexico. The proposed well will be located in Section 19, Township 19 South, Range 32 East, NMPM, Lea County, New Mexico. DCP plans to inject up to 15 million standard cubic feet per day (MMSCFD) of treated acid gas from the Plant at a maximum pressure of 5,028 psig into this well in the Devonian and Upper Silurian Wristen and Fusselman Formations, approximately 13,755 to 14,750 feet below the surface. The proposed well will serve as a supplemental disposal well for acid gas at this plant.

*This application (Case Number 15,528) has been set for hearing before the New Mexico Oil Conservation Commission at 9:00am on August 25<sup>th</sup>, 2016, in Porter Hall at the New Mexico Oil Conservation Division's Santa Fe office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by DCP's application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the application at a later date.*

*A party appearing at the hearing is required by Division Rule 19.15.4.13 NMAC to file a Pre-Hearing Statement at least four days in advance of a scheduled hearing, but in no event not later than 5:00 p.m. Mountain Time on the Thursday preceding the scheduled hearing date. This statement must be filed at the Division's Santa Fe office at the above-specified address and should include the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and an identification of any procedural matters that need to be resolved prior to the hearing.*

If you have any questions concerning this application, you may contact Mr. Alberto Gutierrez at (505) 842-8000 at Geolex, Inc.; 500 Marquette Avenue NW, Suite 1350; Albuquerque, New Mexico 87102.

Sincerely,

*This application (Case Number 15,528) has been set for hearing before the New Mexico Oil Conservation Commission at 9:00am on August 25<sup>th</sup>, 2016, in Porter Hall at the New Mexico Oil Conservation Division's Santa Fe office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by DCP's application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the application at a later date.*

*A party appearing at the hearing is required by Division Rule 19.15.4.13 NMAC to file a Pre-Hearing Statement at least four days in advance of a scheduled hearing, but in no event not later than 5:00 p.m. Mountain Time on the Thursday preceding the scheduled hearing date. This statement must be filed at the Division's Santa Fe office at the above-specified address and should include the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and an identification of any procedural matters that need to be resolved prior to the hearing.*

If you have any questions concerning this application, you may contact Mr. Alberto Gutierrez at (505) 842-8000 at Geolex, Inc.; 500 Marquette Avenue NW, Suite 1350; Albuquerque, New Mexico 87102.

RE: CASE NUMBER 15,528 DCP MIDSTREAM LP PROPOSED ZIA AGI #2D

This letter is to advise you that DCP Midstream LP ("DCP") filed the enclosed application on July 12, 2016, with the New Mexico Oil Conservation Commission seeking authorization to drill an Acid Gas Injection (AGI) well at their Zia Plant (the "Plant") in Lea County, New Mexico. The proposed well will be located in Section 19, Township 19 South, Range 32 East, NMPM, Lea County, New Mexico. DCP plans to inject up to 15 million standard cubic feet per day (MMSCFD) of treated acid gas from the Plant at a maximum pressure of 5,028 psig into this well in the Devonian and Upper Silurian Wristen and Fusselman Formations, approximately 13,755 to 14,750 feet below the surface. The proposed well will serve as a supplemental disposal well for acid gas at this plant.

*This application (Case Number 15,528) has been set for hearing before the New Mexico Oil Conservation Commission at 9:00am on August 25<sup>th</sup>, 2016, in Porter Hall at the New Mexico Oil Conservation Division's Santa Fe office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by DCP's application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the application at a later date.*

*A party appearing at the hearing is required by Division Rule 19.15.4.13 NMAC to file a Pre-Hearing Statement at least four days in advance of a scheduled hearing, but in no event not later than 5:00 p.m. Mountain Time on the Thursday preceding the scheduled hearing date. This statement must be filed at the Division's Santa Fe office at the above-specified address and should include the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and an identification of any procedural matters that need to be resolved prior to the hearing.*

If you have any questions concerning this application, you may contact Mr. Alberto Gutierrez at (505) 842-8000 at Geolex, Inc.; 500 Marquette Avenue NW, Suite 1350; Albuquerque, New Mexico 87102.

RE: CASE NUMBER 15,528 DCP MIDSTREAM LP PROPOSED ZIA AGI #2D

This letter is to advise you that DCP Midstream LP ("DCP") filed the enclosed application on July 12, 2016, with the New Mexico Oil Conservation Commission seeking authorization to drill an Acid Gas Injection (AGI) well at their Zia Plant (the "Plant") in Lea County, New Mexico. The proposed well will be located in Section 19, Township 19 South, Range 32 East, NMPM, Lea County, New Mexico. DCP plans to inject up to 15 million standard cubic feet per day (MMSCFD) of treated acid gas from the Plant at a maximum pressure of 5,028 psig into this well in the Devonian and Upper Silurian Wristen and Fusselman Formations, approximately 13,755 to 14,750 feet below the surface. The proposed well will serve as a supplemental disposal well for acid gas at this plant.

*This application (Case Number 15,528) has been set for hearing before the New Mexico Oil Conservation Commission at 9:00am on August 25<sup>th</sup>, 2016, in Porter Hall at the New Mexico Oil Conservation Division's Santa Fe office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by DCP's application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the application at a later date.*

*A party appearing at the hearing is required by Division Rule 19.15.4.13 NMAC to file a Pre-Hearing Statement at least four days in advance of a scheduled hearing, but in no event not later than 5:00 p.m. Mountain Time on the Thursday preceding the scheduled hearing date. This statement must be filed at the Division's Santa Fe office at the above-specified address and should include the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and an identification of any procedural matters that need to be resolved prior to the hearing.*

If you have any questions concerning this application, you may contact Mr. Alberto Gutierrez at (505) 842-8000 at Geolex, Inc.; 500 Marquette Avenue NW, Suite 1350; Albuquerque, New Mexico 87102.

Sincerely,

**Re: Land Information for 1-Mile Radius Encompassing AGI Zia #2 Well**

**T19S-R31E: Eddy County, New Mexico**

**Section 13; SE/4, containing 160 acres, more or less**

**Section 24; All, containing 640 acres, more or less**

**Section 25; All, containing 640 acres, more or less**

**T19S-R32E: Lea County, New Mexico**

**Section 18; Lots 3 & 4, SE/4SW/4, containing 120 acres, more or less**

**Section 19; All, containing 640 acres, more or less**

**Section 20; W/2, containing 320 acres, more or less**

**Section 29; NW/4, containing 160 acres, more or less**

**Section 30; All, containing 640 acres, more or less**

Julie,

Pursuant to your request we have conducted research on the above referenced lands. Please find accompanying this cover letter; a written report and excel spreadsheet with our findings on the requested lands. A description of our methodology used to obtain the information can be found below.

The written report provides a list of all the mineral owners, surface owners, grazing lessees, federal leases, leasehold owners and operators of record within the one-mile radius of the AGI Zia #2 Well. The excel spreadsheet lists all relevant mineral leases along with their respective leasehold owners, operators, and well information. Full names and legal mailing addresses have been provided for any person or entity found to have an interest within the 1-mile radius.

The following methodology was performed to obtain the information:

1. Initial research was conducted online via the BLM website to examine the Master Title Plats and Oil & Gas Plats to identify the surface and mineral estates as federal, state or fee lands.
2. Once federal lands were identified, J Bar Cane, Inc. contracted Federal Abstract Company out of Santa Fe, N.M. to build reports on all federal mineral ownership as to all depths. There were no fee or state minerals in the lands on which we reported.
3. Title examination and research were performed on the referenced lands in the public records of Eddy and Lea Counties in New Mexico.
4. The title information provided by Federal Abstract Company was then tracked against the records of Lea and Eddy Counties to confirm there were no title discrepancies.
5. Surface ownership and grazing leases for the federal lands were reported on from the records provided in the "Land Records" section of the BLM website.
6. Surface ownership for the fee lands were reported on from the Lea County Assessor's Office in Lovington, NM.
7. Well information was compiled through examination of the New Mexico Oil Conservation Division website, then tracked against the Eddy and Lea County records to verify accuracy.
8. Any addresses not found in the public records or provided by any governmental agency were found via internet research.
9. All information contained in the Federal Abstracts provided by Federal Abstract Company is current up to May 14, 2016.
10. All information found in the Eddy County and Lea County Public Records is current up to June 9, 2016.

Should you have any questions or concerns, please do not hesitate to contact me.

Sincerely,  
J Bar Cane, Inc.

A handwritten signature in black ink that reads "John Michael Richardson". The signature is written in a cursive style with a long horizontal flourish at the end.

John Michael Richardson, CPL
