Linda,

As you can see from the email below, John and I will be meeting with COG this Friday. One issue is that they are asking us to execute the attached Com Agrmts. At first glance I don't see why we would object to executing, but I would appreciate your feedback.

Thank you,

Randy

Randy:

I just finished putting together the attached list of the things we would like to discuss at our meeting on Friday.

One issue that we need to get resolved as soon as possible is the communitization agreements for the SRO 43H and 44H. I've also attached those for your review. As for the rest, I'll bring copies of all the farmout agreements, JOAs, term assignment and proposed correction, and probably put together a map or two.

Looking forward to seeing you Friday and getting all of this sorted.

Thanks
