CASE NO 15760

APPLICATION

COG Operating LLC, ("COG") through its undersigned attorneys, hereby files this application with the Oil Conservation Division pursuant to the provisions of N M Stat Ann § 70-2-17, for an order (1) creating a 240 acre, more or less, spacing and proration unit comprised of the E/2 W/2 of Section 11 and the E/2 SW/4 of Section 2, Township 20 South Range 25 East, NMPM Eddy County, New Mexico, and (2) pooling all uncommitted interests in the N Seven Rivers, Glorieta Yeso Pool (97565) In support of its application, COG states

1 COG Operating LLC (OGRID No 229137) is a working interest owner in the proposed non standard spacing unit and has the right to drill thereon

2 COG proposes to dedicate the above-referenced spacing and proration unit as the project area for its proposed **Bone Yard 11 Fee No 16H Well**, which will be horizontally drilled from a surface location in the NE/4 SW/4 (Unit K) of Section 2 to a non-standard bottom hole location in the SE/4 SW/4 (Unit N) of Section 11

3 The completed interval for this well is unorthodox pursuant to the Statewide Rules set forth in 19 15 15 NMAC COG will apply administratively for approval of unorthodox well locations

4 COG has sought and been unable to obtain voluntary agreement for the development of these lands from all of the working interest owners in the subject spacing unit

5 The pooling of interests will avoid the drilling of unnecessary wells, will prevent waste and will protect correlative rights

6 In order to permit COG to obtain its just and fair share of the oil and gas underlying the subject lands, all uncommitted interests in this non standard spacing unit should be pooled and COG Operating LLC should be designated the operator of this proposed horizontal well and spacing unit

WHEREFORE, COG requests that this application be set for hearing before an Examiner of the Oil Conservation Division on July 20, 2017, and, after notice and hearing as required by law, the Division enter an order

- A Creating a 240-acre, more or less, spacing and proration unit comprised of the E/2 W/2 of Section 11 and the E/2 SW/4 of Section 2, Township 20 South, Range 25 East, NMPM Eddy County New Mexico
- B Pooling all uncommitted interests in the non standard spacing and proration unit

- F Imposing a 200% penalty for the risk assumed by COG in drilling and completing the well against any working interest owner who does not voluntarily participate in the drilling of the well
