Gentlemen:

By letter dated February 4, 2005, the Plan of Development (POD) for the calendar year 2005 was filed for the Lindrith Unit. The plugging and abandonment of the following wells were completed during 2005.

<u>Well</u>	<u>Location</u>	<u>Formation</u>
Lindrith #86	NW ⁴ Sec. 21, T24N-R2W	Pictured Cliffs
Lindrith #83	NW ⁴ Sec. 13, T24N-R3W	Pictured Cliffs

No further operations by Energen for the drilling/recompletion or abandonment of wells within the Lindrith Unit are anticipated to be conducted during calendar year 2006.

Conoco, Inc., now ConocoPhillips, (successor to Mobil Exploration and Producing U.S., Inc.) as Sub-Operator of depths below the Pictured Cliffs formation, will separately submit their proposed 2006 POD, covering the Gallup and Dakota formations.

Rio Arriba County, New Mexico

Dear Sir or Madam:

By letter dated May 17, 2005, ConocoPhillips Company, as Sub-Operator for the referenced Unit, filed the Plan of Development (POD) for the calendar year 2005. Per this POD, ConocoPhillips made no plans to drill any new wells or recomplete any existing wells. Accordingly, during 2005 no new drills or recompletions were performed

Pursuant to Section 9 of the Lindrith Unit Agreement, ConocoPhillips Company, as Unit Sub-Operator of the Lindrith "B" Unit, hereby submits the following program for the 2006 Plan of Development:

2006 Drilling Schedule:

No new drills are planned for 2006.

2006 Re-completions:

No re-completions are planned for 2006.

The Lindrith "B" Unit currently consists of the following Participating Areas:

FORMATION	EXPANSION	EFFECTIVE DATE
Gallup	Initial	1-1-86
Dakota	4 th	11-1-84

Maps of each Participating Area and a production rate versus time graph are attached. Recent production optimization efforts have been successful in improving oil production and arresting the decline in gas production. ConocoPhillips plans to continue these efforts during 2006.

The working interest owners are being contacted regarding the Plan of Development. ConocoPhillips and the working interest owners believe that all current obligations have been satisfied.

ConocoPhillips Company, as Unit Sub-Operator, plans to drill any offset wells required to prevent drainage of unitized substances and any other wells deemed necessary or desirable by the Unit Operator and the working interest owners.

Energen Resources Corp., as Sub-Operator of depths from the Surface to the Base of the Pictured Cliffs formation, will submit separately their proposed 2006 POD covering the Pictured Cliffs formation.

In accordance with Section 10 of the Unit Agreement, please advise of your approval by executing in the space provided below and return one copy to the undersigned. Should you have any questions regarding this proposal, please contact Michelle Blankenship at (832) 486-3054.

Copies of this letter are being sent to the working interest owners shown on the attached sheet.

Pursuant to Section 9 of the Lindrith Unit Agreement, ConocoPhillips Company, as Unit Sub-Operator of the Lindrith "B" Unit, hereby submits the following program for the 2005 Plan of Development:
