STATEMENT OF THE CASE

The Oil Conservation Division (OCD) seeks an order requiring Thornton Hopper to plug and abandon five inactive wells, and authorizing the OCD to plug and abandon the wells if Mr. Hopper does not do so.

The most recent reports of production are from 1992. The wells are neither plugged and abandoned nor on approved temporary abandonment status. The wells the subject of a hearing order issued in 2002 imposing a civil penalty of \$5,000. See Order No. R-11710.

No payment was made. In October 2006, the OCD cancelled Mr. Hopper's authority to transport from or inject into his wells. The OCD received no response.

The OCD does not hold a financial assurance for these five wells.
