

# NEW MEXICO ENERGY, MINERALS and NATURAL RESOURCES DEPARTMENT

**BILL RICHARDSON**

Governor

**Joanna Prukop**

Cabinet Secretary

**Reese Fullerton**

Deputy Cabinet Secretary

**Mark E. Fesmire, P.E.**

Director

**Oil Conservation Division**

May 4, 2007

Basin Fruitland Coal Operators:

Operators have requested the Oil Conservation Division reconvene the Fruitland Coalbed Methane Committee. The purpose is to review information to determine if well density should be increased from two to four wells per spacing unit. Infill wells will be drilled from existing locations as directional and horizontal completions. The proposed review area is north and northeast of the HPA and may be expanded upon request.

Please notify me by June 1st if you are interest in participating.

I will schedule a meeting when we know how many people will participate.

Sincerely,

Steven Hayden

District III Geologist
