Santa Fe, New Mexico 87505

Re: Case No. 13,935/Apollo Energy, L.P.

Dear Mr. Brooks:

As you requested, enclosed is information regarding offset owners entitled to notice of the application:

1. This project is a lease waterflood for Federal Lease LC 0050797. Exhibit A is a copy of the BLM's serial register page for the lease, showing the leased acreage. Exhibit B is a Midland Map Co. plat showing (i) the contiguous portions of Lease LC 0050797 in yellow, and (ii) the requested project area outlined in blue. Exhibit C is the Assignment of Record Title from Ready Oil & Gas Management (the record title owner) to Apollo Energy, L.P., assigning all of its interest in the lease. As shown on the last page of Exhibit A, the assignment has been filed with but not yet approved by the BLM (approval normally takes several months).
2. Exhibit D is the area of review plat, showing the wells within one-half mile of the initial injection wells. Wells in the area of review not operated by Apollo Energy, L.P. are highlighted in yellow. Attached are the Division's ONGARD well records in the area of review, together with records for wells<sup>1</sup> in potentially affected offsetting sections near the producing wells in the project area. (On the ONGARD sheets, the wells not operated by Apollo Energy, L.P. are also highlighted in yellow.) They show as follows:

---

<sup>1</sup> All wells in this area penetrated the Russell Yates Pool, which is a very shallow pool found at about 700-900 feet subsurface. Hearing Exhibit 5.

(a) Section 12 (Exhibit E): Other than P&A'd wells, the operators are Apollo Energy, L.P. and Yates Petroleum Corporation. Yates Petroleum Corporation's well is a Morrow completion, but is outside the area of review by approximately one-half mile.

(b) Section 13 (Exhibit F): Other than P&A'd wells, the following operators appear in the Division's records:

(i) Wills Fed. Well No. 10Y: This well is listed as being operated by Collier Petroleum Corp. However, a review of the Division's files and BLM lease records shows that Collier's interest was acquired by Ready Oil & Gas Management, which in turn assigned to Apollo Energy, L.P. This is an unplugged well on which Apollo Energy, L.P. is working with the BLM.

(ii) Government AC Well No. 2: This well is operated by OXY USA WTP Limited Partnership. It was originally a Morrow test, which is now a Delaware producer.

(iii) Indigo Fed. Well No. 1: This well is operated by Thunderbolt Petroleum, LLC. It is a Delaware producer.

(iv) OXY Yates 13 Fed. Well No. 7: The APD for this well was filed by E.G.L. Resources, Inc. However, the APD was canceled. Exhibit G.

(v) OXY Yates 13 Fed. Well No. 16: This well is operated by Nordstrand Engineering, Inc. It is a Yates formation producer.

(vi) OXY Yates 13 Fed. Well No. 13: The APD for this well was filed by E.G.L. Resources, Inc. However, the APD was canceled. Exhibit H.

(c) Section 14 (Exhibit I): Other than P&A'd wells, the operators are Apollo Energy, L.P., OXY USA WTP Limited Partnership, and Nordstrand Engineering, Inc. The wells operated by OXY USA WTP Limited Partnership and Nordstrand Engineering, Inc. are outside of the area of review. One well (the OXY Yates 14 Fed. Well No. 11) is listed as being operated by E.G.L. Resources, Inc. However, the APD for that well was canceled (Exhibit J).

(d) Section 23 (Exhibit K): The only well possibly within the area of review (the Vickers Well No. 1) is P&A'd. Exhibit L.

(e) Section 24 (Exhibit M): There are two producing wells, but both of them are outside the area of review.

In summary, the only offset operators in the area of review (and near the area of review) are OXY USA WTP Limited Partnership, Nordstrand Engineering, Inc., and Thunderbolt Petroleum, LLC, all of whom were notified. Hearing Exhibit 11.

Please let me know if you need further information on this issue.

Very truly yours,

A handwritten signature in black ink, appearing to read "James Bruce". The signature is written in a cursive style with a large initial "J".

James Bruce

Attorney for Apollo Energy, L.P.

**PART B - CERTIFICATION AND REQUEST FOR APPROVAL**

1. The Assignor certifies as owner of an interest in the above designated lease that he/she hereby assigns to the above assignee(s) the rights specified above.
2. Assignee certifies as follows: (a) Assignee is a citizen of the United States; an association of such citizens; a municipality; or a corporation organized under the laws of the United States or of any State or territory thereof. For the assignment of NPR-A leases, assignee is a citizen, national, or resident alien of the United States or association of such citizens, nationals, resident aliens or private, public or municipal corporations. (b) Assignee is not considered a minor under the laws of the State in which the lands covered by this assignment are located; (c) Assignee's chargeable interests, direct and indirect, in each public domain and acquired lands separately in the same State, do not exceed 246,080 acres in oil and gas leases (of which up to 200,000 acres may be in oil and gas options), or 300,000 acres in leases in each leasing District in Alaska of which up to 200,000 acres may be in options. If this is an oil and gas lease issued in accordance with the Mineral Leasing Act of 1920, or 51,200 acres in any one State if this is a geothermal lease; (d) All parties holding an interest in the assignment are otherwise in compliance with the regulations (43 CFR Group 3100 or 3200) and the authorizing Acts; (e) Assignee is in compliance with reclamation requirements for all Federal oil and gas lease holdings as required by sec. 17 (g) of the Mineral Leasing Act; and (f) Assignee is not in violation of sec. 41 of the Mineral Leasing Act.
3. Assignee's signature to this assignment constitutes acceptance of all applicable terms, conditions, stipulations and restrictions pertaining to the lease described herein.

For geothermal assignments, an overriding royalty may not be less than one-fourth (1/4) of one percent of the value of output, nor greater than 50 percent of the rate of royalty due to the United States when this assignment is added to all previously created overriding royalties (43 CFR 3241).

I certify that the statements made herein by me are true, complete, and correct to the best of my knowledge and belief and are made in good faith.

Executed this 20 day of March 20 07 Executed this 5th day of March 20 07

Gentlemen:

*30-015-30800*

Your Application for Permit to Drill (APD), for the following well has expired because drilling has not commenced within one year of the approval date as stated in the General Requirements for Oil and Gas Operations on Federal Leases.

LC-050797 OXY Yates 13 Fed. #7 990'/N & 330'/W Sec. 13, T.20S, R.28E  
APD was approved on 10/25/99, last approved APD extension expired on 10/25/02

If drilling operations have commenced on the referenced well, please contact this office at (505) 234-5972 and send all necessary reports (spud, casing/cementing, etc., 1 original and 5 copies) to the Roswell Field Office, 2909 West Second Street, Roswell, New Mexico 88202, so we may correct our records.

If the well has not been spudded, but site construction activities have occurred, please contact this office at the above telephone number for surface reclamation instructions.

If you wish to drill this well at a later date, please submit a complete application (1 original and 5 copies) to the Roswell Field Office. Since the original APD has expired, the resubmitted APD will be subject to all the processing requirements including the 30-day posting requirement. Please note on the resubmitted APD that it was previously approved and we will review the expired file for information which will help expedite the processing. If you have any questions please contact Joe Lara at (505) 234-5915 or Betty Hill at (505) 234-5937.

Sincerely,  
**/s/ Mary J. Rugwell**

RE: NM-6856 OXY Yates 14 Fed. #11 2570' /N & 2425' /W Sec. 14, T.20S., R.28E  
APD approved on October 25, 1999

Dear Operator:

Your APD extension request, dated August 24, 2000 for this well has been cancelled per your request with Betty Hill on April 30, 2002. Also, your Application for Permit to Drill (APD) for this well has expired because drilling has not commenced within one year of the approval date as stated in the General Requirements for Oil and Gas Operations on Federal Leases.

If drilling operations have commenced on the referenced well, please contact this office at (505) 234-5972 and send all necessary reports (spud, casing/cementing, etc., 1 original and 5 copies) to the Roswell Field Office, 2909 West Second Street, Roswell, New Mexico 88202, so we may correct our records.

If the well has not been spudded, but site construction activities have occurred, please contact this office at the above telephone number for surface reclamation instructions.

If you wish to drill this well at a later date, please submit a complete application (1 original and 5 copies) to the Roswell Field Office. Since the original APD has expired, the resubmitted APD will be subject to all the processing requirements including the 30-day posting requirement. Please note on the resubmitted APD that it was previously approved and we will review the expired file for information which will help expedite the processing. If you have any questions, please contact Joe Lara at (505) 234-5915 or Betty Hill at (505) 234-5937.

Sincerely,

/s/ Mary J. Rugwell
