Gentlemen:

Confirming today's telephone conversation between Larry Sheppard and Ms Florine Davidson, we respectfully request the subject case be continued to the June 8, 1983 Examiner Hearing. We also request that the advertisement of this case be amended to reflect a change in well number, reference above captioned number, and location. The new location is 500' FNL X 765.7' FWL of Section 26, T-19-N, R-34-E.

It is our understanding that we will be allowed to present our testimony regarding this matter at the June 8, 1983 hearing, but that case advertisements for that date have been closed. Therefore, the amended information will be advertised for the June 22, 1983 and the case will be held open until after that hearing.

If you have any questions concerning this matter please contact Larry Sheppard in our Houston Proration Section (phone: 713/556-3941).

Yours very truly,

R. G. Smith
