IN THE MATTER OF:

Application of TXO Producing Cor-
poration for a nonstandard prora-
tion unit, Lea County, New Mexico.

CASE

BEFORE: Richard L. Stamets, Examiner

TRANSCRIPT OF HEARING

A P P E A R A N C E S

For the Oil Conservation
Division:

W. Perry Pearce, Esq.
Legal Counsel to the Division
State Land Office Bldg.
Santa Fe, New Mexico 87501

For the Applicant:

W. Thomas Kellahin, Esq.
KELLAHIN & KELLAHIN
P. O. BOX 2265
Santa Fe, New Mexico 87501

1
2 MR. STAMETS: We'll call next
3 Case 8040.

4 MR. PEARCE: That case is on
5 the application of TXO Producing Corporation for a
6 nonstandard proration unit, Lea County, New Mexico.

7 MR. KELLAHIN: I'm Tom
8 Kellahin, Mr. Examiner, appearing on behalf of TXO Producing
9 Corporation.

10 If the Examiner please, we
11 would like to have the record note that in the absence of
12 objection the granting of this nonstandard proration unit
13 based upon the record we made in the hearing on December
14 15th, that was a compulsory pooling case, and we neglected
15 to include in that first case the approval of the
16 nonstandard proration unit.

17 It is nonstandard insofar as
18 the 80-acre proration unit is composed of 40-acre tracts not
19 within the same quarter section, and that was necessitated
20 because in the south half of that section all of the other
21 80-acre tracts have been dedicated to wells.

22 MR. STAMETS: Is there any
23 objection to the incorporation of the record in Case 8029 in
24 this case today?

25 There being none, the record in
that case is incorporated in this case.

Is there anything further?

MR. KELLAHIN: No, sir.

MR. STAMETS: The case will be
taken under advisement.

(Hearing concluded.)
