RE: Blancett Ranch 24 #1, Section 24, 30N, 12W, San Juan County, NM  
NSL Hearing, October 2, 2008, OCD Case # 14179

Ladies and Gentlemen:

We have waived objection to the non-standard location application of operator, San Juan Resources, Inc. (SJR), for the above referenced well on our property. In addition, we would like to go on record and indicate that we support SJR in their NSL application. SJR has worked with Blancett Land & Cattle in obtaining a favorable location away from our fields and pastures. As you are aware, land is at a premium along the Animas River and we appreciate SJR working with us in obtaining the location away from our fields. SJR will have to incur additional location construction costs for this location away from the fields. We are trying to preserve ranching and farming practices within our property and SJR has shown a willingness to work with us with multiple land usage.

Feel free to contact me in the event you have any questions or need additional information.

Very Truly Yours,  
BLANCETT LAND & CATTLE COMPANY
