Re: Orders Nos. R-7155,  
R-7155-A, and R-7155-B

Dear Mr. Padilla:

As authorized under the provisions of the above-referenced orders, you are hereby granted an extension until July 1, 1983, for commencing a well.

Yours very truly,

JOE D. RAMEY  
Director

RE: Application of Clements Energy, Inc. for Amendment of  
Order No. R-7155 and Order No. R-7155-A, Lea County,  
New Mexico; Order No. R-7155-B

Dear Mr. Ramey:

With reference to the above referenced Orders, the purpose of this letter is to request an extension of thirty (30) days from the date provided in said Orders for which to commence a well. The Orders provide for a commencement date of June 1, 1983.

The reason for the extension is that Clements Energy, Inc., the applicant and operator under the above referenced Orders, has delayed drilling until the final outcome and clarification resulting in the last referenced Order. Clements Energy, Inc. has prepaid its drilling contractor for drilling a well on the pooled acreage under the Orders. The drilling rig that has been scheduled to drill the proposed well will become available in approximately two weeks and should then be available to commence the proposed well. Because of the extreme closeness of the availability of the already contracted rig and the date of expiration for commencement of the well, we therefore request the additional thirty (30) days within which to commence the well.

Thank you for your consideration of this matter.

Very truly yours,

Ernest L. Padilla
