Re: Case No. 13167

Application of the New Mexico Oil Conservation Division through the Environmental Bureau Chief to Revoke the Permit of A.L. Daugherty to Operate an Oil Treatment Plant and Disposal Facility and to Release Bond; Chaves County, New Mexico.

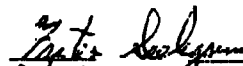

This will confirm that I have received and reviewed the following documents provided by the Oil Conservation Division of the Energy, Minerals and Natural Resources Department related to the above-captioned action.

- Letter to me from Martyne J. Kicling, Environmental Geologist, dated January 31, 2003, regarding approval of the remediation and cleanup plan.
- Letter to me from Roger Anderson, Environmental Bureau Chief, dated August 8, 2003, approving closure of the plant.
- Letter to me from Roger Anderson, Environmental Bureau Chief, dated August 8, 2003, indicating that the Division will schedule a permit revocation hearing.
- Cover letter to me from Gail MacQuesten, Division Attorney, dated September 17, 2003. Application for hearing in case No. 13167, filed September 3, 2003; copy of the certified mail envelope indicating that the forwarding time had expired.

I do not object to the Division's application, filed in case No. 13167, to revoke the permit of A.L. Daugherty to operate an oil treatment plant and disposal facility.

Signed:
