**Subject:** NMOCD Case # 14192 Targa  
**Attachments:** Entry of Appearance signed\_0001.pdf

Correction,

As soon as I sent the first copy, I realized I had not put my name, address & phone number on it. The letter is the same, only my personal information has been added to the attached copy.

Again, Thank you.

Sirs,

I appreciated your time and help. You were The Three Musketeers coming to the aid of a damsel in distress, me! I truly want to thank you for your suggestions, I really need all the help I can get! Attached is the letter I am sending to Mr. Brooks & Ms. Davidson, I hope it is sufficient to "stand in my place" at the hearing.

Thank you & God bless you!

Cathy Chapman

**Via Facsimile – 505-888-8929**

Dear Ms. Davidson & Mr. Brooks,

I received a letter regarding NMOCD case No. 14192: Application of Targa Midstream Services Limited Partnership for Approval of an Acid Gas Injection Well, Lea Co, NM (Eunice Middle Plant – Surface Owner Notice). The letter stated according to Division rule 1211 I had to enter a pre-hearing statement at least four business days before the scheduled hearing date. I am not schooled in this so I don't know if technically the four business days would have begun on Friday or when. I had not anticipated Monday being a holiday and do not know if the state offices participated in Columbus Day or not. Last week when I tried to contact Mr. Daniel Sanchez, Mr. Carl Chavez, and the person from the Law Firm of Montgomery & Andrews who is representing Targa Midstream Services Limited Partnership in this matter, none of the persons I was trying to contact was available, I'm sure they were busy.

Therefore, I ask you to please allow this letter is be considered as my Entry of Appearance to the hearing which is scheduled for 8:15 a.m. October 16, 2008 as I do wish to remain a party of record on this case. To attend at this time would be a hardship due to distance. I also was told I needed legal counsel in this matter and could not represent myself, whether or not this is the case. Although my ownership is small in acreage, I have been told it is important as to access to drilling.

It concerns me there could be permanent damage to the land should it be contaminated. Also, I do not know who would be responsible were there any cleanup required. Therefore I do want to remain a party to this application since it could affect me and my property.

Respectfully,

Cathy Chapman
