MacDonald Orchard 29-13-7 Well No. 109
Unit F E/2 W/2 (W/2 equivalent) of section 7, T29N R11W
Case No. 14175, Order No. R-12994

Gentlemen:

Please be advised that Synergy Operating, LLC is hereby requesting a second extension to commence the captioned well because the New Mexico Department of Transportation (NMDOT) is questioning their ownership of the minerals associated with .6968 acres in W/2 of section 7 in T29N. R13W NMPM. NMDOT's has not accepted their ownership of said tract. We are uncertain how long this process will take. In that we do not want to force pool NMDOT's mineral interest we are requesting an extension.

We respectfully request an extension of time till December 31, 2009 to begin drilling operations.

Sincerely,
Synergy Operating, LLC
