**APPLICATION OF RSC RESOURCES LIMITED

IN A WELL UNIT, EDDY COUNTY, NEW MEXICO.**

Case No. 14368

APPLICATION

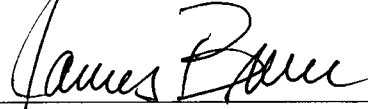

RSC Resources Limited Partnership applies for an order approving two operators on an oil well unit, and in support thereof, states:

1. Applicant is an interest owner in Lot 3, NE $\frac{1}{4}$ SW $\frac{1}{4}$, and N $\frac{1}{2}$ SE $\frac{1}{4}$ (the N $\frac{1}{2}$ S $\frac{1}{2}$) of Section 30, Township 16 South, Range 28 East, N.M.P.M.
2. Applicant desires to drill its proposed horizontal Lucky Wolf "30" Fed. Com. Well No. 2, to a depth sufficient to test the Wolfcamp formation, and seeks to dedicate the N $\frac{1}{2}$ S $\frac{1}{2}$ of Section 30 to the well to form a non-standard 162.74 acre oil spacing and proration unit (project area) in the Wolfcamp formation. This well is the subject of Case No. 14,277, a pooling case previously presented to the Division.
3. The NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 30 is currently dedicated, in the Wolfcamp formation, to the vertical Crow Flats Fed. Com. Well No. 1, operated by Three Span Oil & Gas, Inc. ("Three Span"). Three Span owns no working interest outside the wellbore of the Crow Flats Fed. Com. Well No. 1.
4. Applicant notified Three Span of its desire to drill and operate the Lucky Wolf "30" Fed. Com. Well No. 2, as required by Division Rule NMAC 19.15.15.12, but Three Span objected to the drilling of the well by applicant.
5. Applicant requests that Three Span's objection be overruled and that applicant be allowed to drill and operate its well.

6. The approval of this application will prevent waste and protect correlative rights.

WHEREFORE, applicant requests that, after notice and hearing, the Division enter its order approving the relief requested herein.

Respectfully submitted,
