RE: NMNM 08277, Saladar Wells
Section 33, T.20S., R.28E.
Eddy County, New Mexico

Dear Mr. Langlitz:

This is in response to your letter received by this office on September 25, 2008. The Bureau of Land Management (BLM) will participate in the scheduled hearing concerning the application for authority to inject into the wells described below.

RECEIVED
2008 OCT 10 PM 1 18

<u>Well Name/No.</u>	<u>API No.</u>	<u>Surface Status</u>
Saladar No. 002	30-015-02450	Fee surface.
Saladar No. 004	30-015-02446	Federal surface
Saladar No. 006	30-015-02448	Federal surface
Saladar No. 007	30-015-10468	Federal surface
Saladar No. 008	30-015-02449	Federal surface
Saladar No. 012	30-015-24179	Federal surface

These wells inject into Federal minerals; like approval will be required from the BLM prior to injection.

If these wells are to be used for commercial water disposal, a Right-of-Way (ROW) with a \$25,000 bond will be required for each well.

BLM has numerous compliance issues that have not been addressed by the operator.

If you have any questions, please contact Jim Amos at 575-234-5909 or Wesley Ingram at 575-234-5982.

Sincerely,

/s/ Don Peterson
