Re: In the Matter of the Application of Energen Resources Corporation to Amend the Cost Recovery Provisions of Compulsory Pooling Order No. R-1960, to Determine Reasonable Costs, and for Authorization to Recover Costs from Production of Pooled Mineral Interests, Rio Arriba County, New Mexico, NMOCC Case No. 13957 De Novo

Dear Mr. Smith:

As we discussed, on June 15, 2009 while out of town, I first received your June 10, 2009 e-mail advising of the Commission's decision in the above-referenced matter and requesting findings and conclusions be submitted today.

As today is my first day back in the office, I respectfully request an extension of time to submit proposed findings and conclusions on behalf of Energen. I propose to submit them sufficiently in advance to allow for the Commission's consideration of the proposed findings and conclusions from both parties at the July 16, 2009 hearing docket.

I have discussed this matter with Mr. Bruce, counsel for JAS Oil and Gas Company, and he is in agreement with the request.
