Dear Ms. Howell:

On April 3, 2007 the Huerfanito Unit 8th expansion for the Fruitland Coal formation was submitted to our office for approval. The approval for this expansion was accomplished on April 11, 2007. The submission of this expansion caused the following Communitization Agreement (CA) to become obsolete due to the inclusion into the Fruitland Coal participating area.

NMNM 116724 Sec. 26, T27N, R9W, E½ dedication for Huerfanito Unit #175. Effective 3/7/2006

This agreement communitized particular acres of Federal lands within the Huerfanito Unit as to natural gas and associated liquid hydrocarbons producible from the Fruitland Coal formation. The term of the agreement was for 2 years and for so long thereafter as communitized substances are produced in paying quantities.

Our records indicate that the well dedicated to the described agreements were completed and that the public interest requirement for the Communitization Agreement, pursuant to 43 CFR 3105.2-3, has been met.

The termination effective date of this CA is March 1, 2006, this date being the effective date of the 8th expansion to the Fruitland Coal formation. All subject Federal leases involved with this CA are held by the Unit. All indicated wells will report to 892000943D from effective termination date of the CA.

If you have any questions, please contact me at the above address or telephone (505) 599-8922.

Sincerely,

/s/ Lucy Bee
