Re: Designation of the Banquet Unit Area
T. 21 S., R. 21 E.
Eddy County, New Mexico

Dear Mr. Ramage,

Your application of April 14, 2008, filed with the Bureau of Land Management, requests the designation of the Banquet Unit area, embracing 960.00 acres, more or less, in Eddy County, New Mexico, as logically subject to exploration and development under the unitization provisions of the Mineral Leasing Act as amended.

Pursuant to unit plan regulations 43 CFR 3180, the land requested as outlined on your plat marked Exhibit "A", the Banquet Unit area, Eddy County, New Mexico, is hereby designated as a logical unit area and has been assigned No. NMNM120407X. This designation is valid for a period of one year from the date of this letter.

The unit agreement submitted for the area designated must provide for a well to test the base of the middle Morrow formation, or to a depth of 8,230 feet. Your proposed use of the Form of Agreement for unproven areas at 43 CFR 3186.1 will be accepted. If conditions are such that further modification of said standard form is deemed necessary, three copies of the proposed modifications with appropriate justification must be submitted to this office for preliminary approval.

In the absence of any type of land requiring special provisions or of any objections not now apparent, a duly executed agreement identical with said form, modified as outlined above, will be approved if submitted in approvable status within a reasonable period of time. However, notice is hereby given that the right is reserved to deny approval of any executed agreement submitted that, in our opinion, does not have the full commitment of sufficient lands to afford effective control of operations in the unit area.

When the executed agreement is transmitted to the BLM for approval, please include the latest status of all acreage. In preparation of Exhibits "A" and "B", follow closely the format of the sample exhibits attached to the reprint of the aforementioned form. A minimum of three copies of the executed agreement should be submitted with your request for final approval.

Copies of this letter are being sent to the Commissioner of Public Lands and the New Mexico Oil Conservation Division as this proposed unit area contains State lands.

Sincerely,
/s/ Angel Mayes
