Case 14364

**Re: Judah Oil, Inc. Application for Injection Permit  
API 30-015-2388**

Dear Mr. Fesmire:

Please be advised that the State of New Mexico owns the surface and mineral estates in the S½, Section 30, Twp. 24 South, Range 29 East. The land is State trust land managed by the New Mexico State Land Office. It is our understanding that the above-referenced well is located in the SE¼/SW¼ of Section 30, and that Judah Oil, Inc. has applied for a permit to inject produced water using that well. Please be advised further that the Commissioner of Public Lands and the State Land Office do not oppose Judah Oil, Inc.'s application for a permit to inject produced water into the well.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

Dennis Garcia  
Deputy Commissioner
