Re: Request for Extension of Commencement of Injection Operations into the Monument Well No. 1 (API No. 30-045 21912) Pursuant to Order No. SWD-1137

Dear Mr. Wood:

The Oil Conservation Division (OCD) received your letter of October 31, 2009, regarding the above referenced well on November 2, 2009. Pursuant to administrative order No. SWD-1137, the authority to commence injection into this well expired on July 23, 2009. However, the Commission Order No. R-12820-A issued in Case No. 13812 (De Novo) on April 16, 2008, authorized Coleman to re-enter and deepen the Monument Well No. 1 for disposal purposes within two (2) years of the order date.

Commission Orders normally take precedent over Division Orders, therefore, Coleman is hereby granted extension for the commencement of injection operations into this well on or before November 3, 2010.

If you have any questions, please contact Richard Ezeanyim at (505)-476-3467.

Sincerely,

Mark E. Fesmire, P.E.
Director

Santa Fe, NM 87505

Dear Mr. Ezeanyim:

I testified during the March 13, 2008 NM Oil Conservation Commission hearing for Coleman's Juniper SWD #1, Case 13812, Order R-12820-A, API #30-045-29732. The Commission ordered Coleman to "complete re-entry and deepening of the Monument Well No. 1 within two years from the date of this order."

The Commission also ordered Coleman to provide quarterly progress reports to the Division's Aztec office on the Monument #1 SWD (30-045-21912). Those seven quarterly reports are attached. Progress since the last report includes:

10-14-09: Navajo BIA recommends approval to BLM

10-26-09: Coleman receives BLM approval for the APD

Coleman is still waiting for BLM to approve the water pipeline right-of-way which was filed with BLM on February 12, 2008.

The Oil Conservation Division approved SWD-1137 for the Monument 1 on July 23, 2008. That approval has since expired while waiting for the Tribal, BIA, and BLM approvals.

Therefore, I am asking that the SWD-1137 approval be extended for one year for good cause.

Please call me if you have any questions.

Sincerely,

Brian Wood

Dear Mr. Perrin:

I testified during the March 13, 2008 NM Oil Conservation Commission hearing for Coleman's Case 13812, Order SWD-806-B, API #30-045-21912. The Commission asked that a quarterly progress report on the Monument #1 SWD be provided. Progress since the last report includes:

7-29-09: reminded BLM to issue water line right-of-way

8-13-09: met with BIA to check on status

8-24-09: met with BIA to check on status

9-1-09: Navajo EPA corrects its typo at request of BIA

9-8-09: met with BIA to check on status

10-5-09: BIA finds another typo in Tribal approval

Please call me if you have any questions.

Sincerely,

Brian Wood
