

4/16/09

1 HEARING EXAMINER: This is Docket No. 15-09 of
2 the New Mexico Oil Conservation Division. I'm David
3 Brooks. I'm presiding examiner and legal examiner.

4 Mr. Ezeanyim will be the technical examiner for
5 the first several cases, and Mr. Warnell, who is also
6 present, will be the technical examiner for the remaining
7 cases.

8 First of all, we would call the continuances and
9 dismissals. There are no dismissals, none of which I've
10 been advised.

11 Continuances. Case No. 14302, continued to May
12 28th. Case No. 14303, is continued to May 14th.

13 And then then aren't any on Pages 2 or 3. So we
14 go over to Page 4. On Page 4, Case No. 14309 is continued
15 to May 14th. Case No. 14290 is continued to April 30th.
16 Case No. 14173 is continued to May 14th. Case No. 14300
17 is continued to May 14th.

18 And then over on the last page, Case No. 14301
19 is continued to May 14th.

20 Are there any other continuouss or any
21 dismissals? Very good.

I do hereby certify that the foregoing is
a complete and true copy of the proceedings in
the Ex. of Case No. 14301
*held by me on April 16 2009.
David K. Brooks, Examiner
Oil Conservation Division
