Dear Examiners Ezeanyim, Warnell and Brooks:

Enclosed for your consideration are: (1) revised Area of Review Maps for the Carter No. 2 and Shipp ZI No. 2 Wells (Chesapeake Exhibit 18, pages 27 and 28; and (2) the revised Vote Tabulation (Chesapeake Exhibit No. 9) that was requested by Examiner Ezeanyim at the September 17, 2009 hearing. The original Exhibit 9 contained separate totals for mineral owners and overriding royalty interest owners. This revised Vote Tabulation combines into one percentage all of the free of costs interests who have joined the unit as required by the Statutory Unitization Act (NMSA 1978 Section 70-7-8). The total did not change from the percentages previously presented for Mineral Interest Owners because the Overriding Royalty Interest in the unit is very small.

Also enclosed is a proposed order granting these applications. This proposed order contains references to the record to assist you with your evaluation of these applications. I have also e-mailed this proposed order to you in word format.

Very truly yours,

William F. Carr
