Ladies and Gentlemen:

Enclosed is a copy of the application of Chesapeake Energy Corporation (Oil Conservation Division Form C-108) in the above-referenced case for approval of a waterflood project in the proposed Carter-Shipp Strawn Unit Area. Water will be injected into the unitized interval of the Strawn formation and the waterflood project may be expanded as additional injection wells are added until it includes the entire Unit Area as fully described in the application.

This application has been set for hearing before a Division Examiner at 8:15 AM on August 20, 2009. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-Hearing Statement with the Oil Conservation Division's Santa Fe office, four days in advance of a scheduled hearing, but at least on the Thursday preceding the hearing. This statement must include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

Very truly yours,

William F. Carr
