REQUEST FOR HEARING

COMES NOW the Gandy Corporation, by and through undersigned counsel of record, and, under NMAC 19.15.4.8, hereby requests that an Adjudicatory Hearing on its Application for a Saltwater Disposal Permit be scheduled before the Oil Conservation Division Hearing Examiner. In support of this request, Gandy Corporation states as follows:

1. Gandy Corporation, whose address is 1008 W. Broadway, Hobbs, New Mexico, 88240, filed a Form C-108 with the Oil Conservation Division, seeking administrative approval for a commercial saltwater disposal well at the existing Albacore 25 Com #1 Well (API 30-025-37054, located 130 feet FSL and 1350 feet FWL of Section 25, T16S R35E, Lea County, New Mexico), for the purpose of injecting saltwater disposal fluids into the Abo and Permian formations, at intervals from 8,900 to 11,000 feet.
2. Gandy Corporation duly published and provided statutory notice, as required.
3. A protest to Gandy Corporation's application was filed by counsel for V-F Petroleum on January 30, 2009.
4. This matter was set for hearing, but continued upon Motions from V-F Petroleum and from Applicant.

WHEREFORE, Gandy Corporation requests that the Oil Conservation Division set a hearing on its application, with hearing to be held at the July 23, 2009 regular hearing before the OCD, or set for a special hearing on July 27, July 29 or July 31, 2009.
