COMES NOW the Gandy Corporation, by and through undersigned counsel of record, and, under NMAC 19.15.4.8, hereby requests that an Adjudicatory Hearing on its Application for a Saltwater Disposal Permit be scheduled before the Oil Conservation Division Hearing Examiner. In support of this request, Gandy Corporation states as follows:

1. Gandy Corporation, whose address is 1008 W. Broadway, Hobbs, New Mexico, 88240, filed a Form C-108 with the Oil Conservation Division, seeking administrative approval for a commercial saltwater disposal well at the existing Albacore 25 Com #1 Well (API 30-025-37054, located 130 feet FSL and 1350 feet FWL of Section 25, T16S R35E, Lea County, New Mexico), for the purpose of injecting saltwater disposal fluids into the Abo and Permo-Penn formations, at intervals from 8,900 to 11,000 feet.
2. Gandy Corporation duly published and provided statutory notice, as required.
3. A protest to Gandy Corporation's application was filed by counsel for V-F Petroleum on January 30, 2009.
4. In its protest letter, V-F Petroleum requested that the application be set for hearing before a Division Examiner.

5. Since the filing of the protest, Gandy Corporation has attempted to resolve the disputed issues with V-F Petroleum, but all efforts have been unsuccessful.

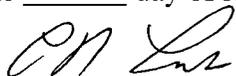

WHEREFORE, Gandy Corporation requests that the Oil Conservation Division set a hearing on its application.

Respectfully Submitted,
