LEA COUNTY, NEW MEXICO

THIS AGREEMENT, entered into as of the 1st day of April 1, 2010, by the parties who have signed the original of this instrument, a counterpart thereof, or other instrument agreeing to be bound by the provisions hereof;

WITNESSETH:

WHEREAS, the parties hereto as Working Interest Owners have executed, as of the date hereof, an agreement entitled "UNIT AGREEMENT FOR THE DEVELOPMENT AND OPERATION OF THE CHAMBERS STRAWN UNIT AREA, LEA COUNTY, NEW MEXICO", herein referred to as "Unit Agreement", which, among other things, provides for a separate agreement to be entered into by Working Interest Owners to provide for Unit Operations as therein defined.

NOW THEREFORE, in consideration of the mutual agreements here set forth, it is agreed as follows:

ARTICLE 1
CONFIRMATION OF UNIT AGREEMENT

1.1 Confirmation of Unit Agreement: The Unit Agreement is hereby confirmed and by reference made a part of this agreement. The definitions in the Unit Agreement are adopted for all purposes of this agreement. If there is any conflict between the Unit Agreement and this agreement, the Unit Agreement shall govern.

ARTICLE 2
EXHIBITS

2.1 Exhibits: The following exhibits are incorporated herein by reference:

2.1.1 Exhibit "A", "B" and "C" of the Unit Agreement.

2.1.2 Exhibit "D", attached hereto, is a schedule showing the Working Interest of each Working Interest Owner in each Tract, each Working Interest Owner's Unit Participation attributable to each such interest, and the total Unit Participation of each Working Interest Owner. Exhibit "D", or a revision thereof, shall not be conclusive as to the information therein, except it may be used as showing the Unit Participations of Working Interest Owners for purposes of this agreement until shown to be in error or revised as herein authorized.

2.1.3 Exhibit "E", attached hereto is the Accounting Procedure applicable to Unit Operations. If there is any conflict between this agreement and Exhibit "E", this agreement shall govern.

2.1.4 Exhibit "F", attached hereto, contains insurance provisions applicable to Unit Operations.

2.1.5 Exhibit "G", attached hereto, is an outline of categories of Pre-Unitization Expenses for the formation of the subject Unit.

2.2 Correcting Errors: The shapes and descriptions of the respective Tracts have been established by using the best information available. If it subsequently appears that any Tract, because of diverse royalty or working interest ownership on the Effective Date hereof, should be divided into more than

one Tract, or that any mechanical or clerical error has been made in the preparation of Exhibits or information shown thereon, the Unit Operator, with the approval of the Working Interest Owners, may correct the mistake by revising the Exhibits to conform to the facts. The revision shall not include any re-evaluation of engineering or geological interpretations used in determining Tract Participation. Each such revision of an Exhibit made prior to thirty (30) days after the Effective Date shall be effective as of the Effective Date. Each such revision of an Exhibit thereafter made shall be effective at 7:00 a.m. on the first day of the calendar month next following the filing for record of the revised Exhibit, or such date as may be determined by the Working Interest Owners and set forth in the revised Exhibit.

2.3 Reference to Exhibits: When reference is made herein to an exhibit, it is to the exhibit as originally attached, or, if revised, to the last revision.

Unit Operator will give prompt notice of the results of such voting to all Working Interest Owners.

ARTICLE 5 INDIVIDUAL RIGHTS OF WORKING INTEREST OWNERS

5.1 Reservation of Rights: Working Interest Owners severally reserve to themselves all their rights, except as otherwise provided in this Agreement and the Unit Agreement.

Unit Operator shall report to Working Interest Owners, as promptly as possible, the nature of the emergency and the action taken.

7.10 Wells Drilled by Unit Operator: All wells drilled by Unit Operator shall be at the usual rates prevailing in the area. 7.11 Restoration of Surface Conditions Existing Prior to Unitization: Working Interest Owner, upon request of Unit Operator, shall fill all pits, remove concrete foundations, or perform any other restorative work necessary to restore surface damage which existed prior to the Effective Date. If Working Interest Owner has not completed said work within ninety (90) days after notification by the Unit Operator, then the Unit Operator shall be authorized to perform the necessary restoration. The cost of any such work to restore

ARTICLE 8

TAXES

8.1 Ad Valorem Taxes: Beginning with the first calendar year after the Effective Date hereof, Unit Operator shall make and file all necessary ad valorem tax renditions and returns with the proper taxing authorities with respect to all property of each Working Interest Owner used or held by Unit Operator for Unit Operations. Unit Operator shall settle assessments arising therefrom. All such ad valorem shall be paid by Unit Operator and charged to the joint account of all Working Interest Owners; however, if the interest of a Working Interest Owner is subject to a separately assessed overriding royalty interest, production payment, or other interest in excess of a one-eighth (1/8) royalty, such Working Interest Owner shall notify Unit Operator of such interest prior to the rendition date and shall be given credit for the reduction in taxes paid resulting therefrom.

8.2 Other Taxes: Each Working Interest Owner shall pay or cause to be paid all production, severance, gathering, and other taxes imposed upon or with respect to the production or handling of its share of Unitized Substances.

ARTICLE 9

INSURANCE

9.1 Insurance: Unit Operator, with respect to Unit Operations, shall do the following:

9.1.1 Workmen's Compensation Law: Comply with the Workmen's Compensation Law of the State of New Mexico.

9.1.3 Other Insurance: Provide other insurance as set forth in Exhibit "F".

ARTICLE 10
ADJUSTMENT OF INVESTMENTS

10.1 Personal Property Taken Over: Upon the Effective Date hereof, Working Interest Owners shall deliver to the Unit Operator the following:

10.1.1 Wells: All wells completed in the Unitized Formation together with the casing therein.

10.1.2 Well and Lease Equipment: The tubing in each such well, the wellhead connections thereon, and all other lease and operating equipment that is used in the operation of such wells which the Working Interest Owners determine is necessary or desirable for conducting Unit Operations. (If any such wells are multiple-completed wells, the provisions of the subsection shall apply only to that equipment used in connection with the Unitized Formation.)

10.1.3 Records: A copy of all production and well records that pertain to such wells.

10.2 Inventory and Evaluation of Personal Property: The Unit Operator shall, at Unit Expense, inventory and evaluate as determined by Working Interest Owners, the personal property taken over. Such inventory shall include, and be limited to, those items of equipment considered controllable under Exhibit "E" unless determined otherwise by Working Interest Owners in order to insure a more equitable adjustment of investment. Casing shall be included in the inventory for record purposes, but shall be excluded from evaluation and investment adjustment.

10.3 Inventory Adjustment: Upon approval by Working Interest Owners of the inventory and evaluation, each Working Interest Owner shall be credited with the value of its interest in all personal property taken over under paragraphs 10.1.1 and 10.1.2 and shall be charged with an amount equal to that obtained by multiplying the total value of all personal property taken over under paragraph 10.1.2 by such Working Interest Owner's Unit Participation. If the charge against any Working Interest Owner is greater than the amount credited to such Working Interest Owner, the resulting net charge shall be an item of Unit Expense chargeable against such Working Interest Owner. If the credit to any Working Interest Owner is greater than the amount charged against such Working Interest Owner, the resulting net credit shall be paid to such Working Interest Owner by Unit Operator out of funds received by it in settlement of the net charges described above. Each Working Interest Owner, instead of owning an interest in all its personal property delivered to the Unit Operator under paragraph 10.1, will be considered as having exchanged such interest for an undivided interest in all personal property so delivered to the Unit Operator, subject to the investment adjustment herein provided.

10.4 General Facilities: The acquisition of warehouses, warehouse stocks, lease houses, camps, facility systems, and office buildings necessary for Unit Operations shall be, by negotiations by the owners thereof and Unit Operator, subject to the approval of Working Interest Owners. There shall be no adjustment for lease roads or appurtenances thereto.

10.5 Ownership of Personal Property and Facilities: Each Working Interest Owner, individually, shall by virtue hereof own an undivided interest, equal to its Unit Participation in all personal property and facilities taken over by the Unit Operator pursuant to this Agreement.

10.6 Adjustment for Non-Usable Wells: All wells delivered to the Unit Operator as usable wells shall be (a) in usable physical condition, (b) completed in some portion of the Unitized Formation, and (c) physically separated from formations not a part of the Unitized Formation as of the Effective Date. The Working Interest Owners will within six (6) months after the Effective Date, determine which wells are in non-usable physical condition. The cost of placing any such well in usable physical condition, or physically

separating non-Unitized Formations, shall be charged to the Lessee or Lessees owning the well immediately prior to the Effective Date, such work is to be performed by the Unit Operator.

10.7 Surface Leases: Upon the effective date hereof Working Interest Owners shall deliver to Unit Operator assignment(s) of all surface lease agreements pertaining to the Unit Area, and Unit Operator shall become responsible for all future rentals on behalf of Working Interest Owners. All said surface unit rental costs shall be apportioned to each Working Interest as set forth in Exhibit "D".

ARTICLE 11 UNIT EXPENSE

11.1 Basis of Charge to Working Interest Owner: The Unit Operator initially shall pay all pre-Unitization Expenses and such expenses shall be considered Unit Expense. All charges, credits, and accounting for Unit Expense shall be in accordance with Exhibits "E" and "G". Each Working Interest Owner shall reimburse the Unit Operator for its share of Unit Expense. Each Working Interest Owner's share of all operating expenses shall be the same as its Unit Participation in effect at the time the expense was incurred.

11.2 Budgets: The "Feasibility Study" which has been provided to all Working Interest Owners and is included with the Unit Agreement and Unit Operating Agreement will serve as the budget. This study provides a detailed listing of capital expenditures during the development stages of the project. Should significant adjustments be made an adjusted budget shall promptly be furnished to each Working Interest Owner.

11.3 Advance Billings: The Unit Operator shall have the right, without prejudice to other rights or remedies to require Working Interest Owners to advance their respective share of Unit Expense by submitting to Working Interest Owners, on or before the 15th day of any month, an itemized estimate thereof for the succeeding month, with a request for payment in advance. Within fifteen (15) days after the receipt thereof, each Working Interest Owner shall pay to the Unit Operator its share of such estimate. Adjustments between estimated and actual Unit Expense shall be made by the Unit Operator at the close of each calendar month, and the accounts of the Lessees shall be adjusted accordingly.

11.4 Commingling of Funds: Funds received by the Unit Operator under this Plan of Unitization need not be segregated or maintained by it as a separate fund, but may be commingled with its own funds.

11.5 Unpaid Unit Expense: If any Working Interest Owner fails or is unable to pay its share of Unit Expense within thirty (30) days after rendition of a statement therefor by Unit Operator, the unpaid balance of its share of Unit Expense shall be carried and paid by all non-defaulting Working Interest Owners subject to the provisions of paragraph 11.8 herein who are signatory of this Agreement in the proportion that the Unit Participation of each bears to the total such Unit Participation of all such Working Interest Owners. Such amount shall bear interest at the rate of prime plus two percent (2%) per annum (as determined by current prime interest rate charged by Bank of Oklahoma, NA, Oklahoma City, Oklahoma), or such maximum rate as permitted by law, whichever is lesser, until paid. Working Interest Owners so paying shall be reimbursed therefor, together with interest thereon, when the amount so carried and the interest thereon are collected from the Working Interest Owners primarily chargeable therewith. The amount carried shall be due and payable out of the proceeds from the defaulting Working Interest Owner's share of Unitized Substances, including, to the extent provided for in the State of New Mexico Statutory Unitization Statutes, overriding royalty interests, oil and gas payments, or other interests in excess of one eighth (1/8) royalty interest to which such Working Interest Owner's interest is subject. During the time that any Working Interest Owner fails to pay its share of the Unit Expense, the Unit Operator without prejudice to other existing remedies shall be entitled to collect and receive from the purchaser the proceeds from such Working Interest Owner's share of the Unitized Substances. All credits to any such defaulting Working Interest Owner on account of the sale or other disposal of Unit Equipment, or otherwise, shall also be applied against the unpaid

share of Unit Expense charged against such Lessee.

11.6 Lien, Security Interest and Right of Foreclosures: The Unit and the Working Interest Owner's who pay a portion of Unit Expense on behalf of a carried Working Interest Owner shall have a first and prior lien and security interest upon the carried Working Interest Owner's leasehold interest and the other Oil and Gas Rights (exclusive of a 1/8 royalty interest) within the Unit Area, as well as the carried Working Interest Owner's share of the Unit Production, and all Unit Equipment in possession of the Unit, to secure payment of all Unit Expense properly charged to the carried Working Interest Owner. If the owner of any excess royalty interest, overriding royalty, oil and gas payment, or other interest, which under this Plan of Unitization is not primarily responsible for costs and expenses, pays any part of Unit Expense for the purpose of protecting such interest, or if the amount of such Unit Expense in whole or in part is deducted from the Unitized Substances credited to such interest, the owner shall, to the extent of such payment or deduction, be subrogated to all the rights of the Unit, the Unit Operator and other Working Interest Owners with respect to the interest primarily chargeable with such expense. The lien and security interest herein provided shall be for the use, benefit, and protection of the Unit, Unit Operator, and other Working Interest Owners or Persons entitled to receive or share in the monies, the payment of which is secured thereby; and the Unit, the Unit Operator, or any of the Working Interest Owners who have made payment of the Unit Expense, or part thereof for the carried Working Interest Owner, shall be entitled to exercise all lien rights, including the right of foreclosure. The lien may be foreclosed at any time after a Working Interest Owner has been carried for a maximum period of sixty (60) days from the date of billing and all or a portion of the account remains unpaid by the carried Lessee.

11.7 Carved-Out Interest: In the event any Working Interest Owner shall, after executing this Plan, create an overriding royalty, production payment, net profits, or carved-out interest, or any other interest out of its interest then subject to this Plan, such carved-out interest shall be subject to the terms and provisions of this Plan. In the event the Working Interest Owner owning the interest out of which the carved-out interest was created fails to pay any costs or expense chargeable to such Working Interest Owner under this Plan and the production to the credit of such Working Interest Owner is insufficient for that purpose, the owner of the carved-out interest will be liable for its pro rata portion of all costs and expenses for which the working Interest Owner that created such carved-out interest would have been liable hereunder by virtue of such Working Interest Owner's entire original interest, just as though such carved-out interest had not been created. In this event, the lien provided in paragraph 11.6 hereof may be enforced against such carved-out interest in the same manner as if the lien was enforceable against the original interest out of which the carved-out interest was created. If, at any time, the interest of any party is divided among and owned by four(4) or more co-owners, the Unit Operator, at its discretion, may require such co-owners to appoint a single trustee or agent with full authority to receive notices, approve expenditures, receive billings for and approve and pay such party's share of the joint expenses, and to deal generally with, and with power to bind, the co-owners of such party's interest within the scope of the operations embraced in this Plan; however, all such co-owners shall have the right to enter into and execute all contracts or agreements for the disposition of their respective shares of the oil and gas produced from the Unit Area and they shall have the right to receive, separately, payment of the sale proceeds thereof. If such co-owners fail to appoint said trustee or agent upon request of the Unit Operator, then the Unit Operator, at its discretion, may designate one of said co-owners as said trustee or agent.

11.7.1 Other Remedies: In addition to the foregoing remedies, with respect to any Working Interest Owner carried in the payment of its share of the Unit Expense when due, the Unit Operator shall, for itself, the paying Working Interest Owners and the Unit, during the period of such carry, be entitled to the following rights:

a) To itself purchase the share of Unit Production of any such carried Working Interest Owner, including all overriding royalties, oil and gas payments and other interests in excess of the normal one eighth (1/8) royalty interest to which such carried Working Interest Owner's share of Unit Production is subject, at the prevailing market price in the field which shall, in no event, be less than the price received by the Unit

Operator for its portion of the Unit Production; and,

b) To collect and receive from the purchaser thereof, the proceeds from the sale of such carried Working Interest Owner's share of Unit Production, including all overriding royalties, oil and gas payments, and other interests in excess of the normal one eighth (1/8) royalty interest to which such carried Lessee's share of Unit Production is subject.

11.8 Credits: The Unit Operator shall apply all proceeds collected by it, pursuant to the provisions of paragraph 11.7, against the unpaid Unit Expense due from such carried Lessee, the balance of such proceeds, if any, to be paid to such carried Lessee.

ARTICLE 12 NON-CONSENT PROVISION

12.1 Election: It is understood and agreed that any Working Interest Owner may elect to be carried hereunder, subject to the following terms and conditions: When Unit Operator circulates the Unit Operating Agreement for execution, Unit Operator shall also circulate a ballot under which a party may elect: (a) whether it wishes to be carried; and (b) if it elects not to be carried, the amount of Working Interest as to which it is willing to assume additional participation pursuant to the terms hereof. Failure to return said ballot shall be deemed an election to be carried. In the event that, following the receipt of the Working Interest Owners' ratifications by Unit Operator, the Working Interest Owners, collectively, have not agreed to assume participation as to one hundred percent (100%) of the Working Interest, Unit Operator shall give all Working Interest Owners that have elected to Participate the option to increase the amount of additional participation they are willing to assume within ten (10) days of receiving notice of such option. Thereafter, Unit Operator may elect to assume additional participation. If, following such contact, the Working Interest Owners, collectively, have still not agreed to assume participation as to one hundred percent (100%) of the Working Interest, Unit Operator shall not proceed with the Unitization which is the subject of this agreement. It is understood and agreed that, if the Unit Operating Agreement and the Unit Agreement do become effective under the respective terms thereof, and any parties that did not previously ratify the Unit Operating Agreement and the Unit Agreement, nevertheless become Working Interest Owners as a result of the Oil Conservation Division of the State of New Mexico (the "Division") approving this Unit pursuant to the New Mexico Statutory Unitization Act, such Working Interest Owners shall have the right to elect to participate in the Unit and to elect an amount of additional participation that they are willing to assume within thirty (30) days after said approval by the Division. Once all parties have made the elections allowed under the provisions hereof, the interest of those Working Interest Owners that have elected to be carried shall be allocated among those Working Interest Owners that have elected to participate in proportion to their Working Interest in the Unit, provided that no Working Interest Owner shall be allocated any additional participation in excess of the amount of participation which said Working Interest Owner has elected to assume.

12.2 Non-Consent Penalty: The entire cost and risk of conducting operations shall be borne by the Working Interest Owners in the proportion that they have elected to participate pursuant to the terms hereof (hereinafter, such Working Interest Owners shall be referred to as "Consenting Parties"). Each Working Interest Owner that has elected to be carried (hereinafter, such Working Interest Owners shall be referred to as "Non-Consenting Parties") shall be deemed to have relinquished to Consenting Parties, and the Consenting Parties shall own and be entitled to receive, in proportion to their respective interests, all of such Non-Consenting Parties' share of Unit Production (including its share of any Outside Substances produced and sold) until the proceeds of the sale of such share, calculated at the well, or the market value thereof if such share is not sold (after deducting production taxes, excise taxes, royalty or/and overriding royalty payable out of or measured by the production from such well accruing with respect to such interest) shall equal the Unit Expense accruing for such interest plus an amount equal to 200% of all such Unit Expense allocated to such Non-Consenting Parties' Working Interest, it being further understood and agreed that the

unpaid balance of any amount payable out of a Non-Consenting Party's interest hereunder (including the additional 200% of such expenses provided for above) shall bear interest at the rate of 2% above prime rate as established by Bank One of Oklahoma, N.A. to be determined monthly, or at the maximum contract rate permitted by the applicable usury laws, whichever is the lesser.

12.3 Handling of Inventory Adjustment for Non-Consent Parties: It is understood and agreed that Unit Operator shall promptly provide Working Interest Owners with notification of the approval of the inventory and valuation pursuant to Article 10, and that, with regard to any Working Interest Owner that has elected to be carried under Section 12.1, and has not had its Working Interest revert to it pursuant to the terms hereof, the following shall apply: (i) if such Working Interest Owner has a net charge against its interest following the inventory adjustment, such charge shall be considered an expense in the month in which the inventory adjustment is applied and shall be treated as any other expense under Sections 12.1 and 12.2 (ii) if such Working Interest Owner has a net credit against its interest following the inventory adjustment, the amount of such credit shall be applied to the outstanding balance of such Working Interest Owner in the same manner as revenue in the month in which the inventory adjustment is applied, and if the amount of such credit is sufficient for the Working Interest of such Working Interest Owner to revert to it pursuant to the terms hereof, such Working Interest shall revert, and the amount of any net credit remaining shall be paid to Working Interest Owner.

12.4 Payoff of Non-Consent Party's Unpaid Balance: Any Non-Consenting Party shall have the right, at any time, to pay off the amount of its net unpaid balance and, in the event that any Non-Consenting Party exercises this right, the Working Interest of such Non-Consenting Party shall revert to it on the month following the month of such payment.

ARTICLE 13 NON-UNITIZED FORMATIONS

13.1 Right to Operate: Any Working Interest Owner that now has, or hereafter acquires, the right to drill for and produce oil, gas or other minerals other than from the Unitized Formation shall have the right to do so notwithstanding this Plan of Unitization. In exercising the right, however, the Working Interest Owner shall exercise reasonable precaution to prevent unreasonable interference with Unit Operations. No Working Interest Owner shall produce Unitized Substances through any well drilled or operated by it. If any Working Interest Owner drills any well(s) into or through the Unitized Formation, the Unitized Formation shall be protected in a manner satisfactory to Working Interest Owners so that the production of Unitized Substances will not adversely be affected.

13.2 Multiple Completions: No well now or hereafter completed in the Unitized Formation shall ever be completed as a multiple completion with the Unitized Formation and any other formation unless such multiple completion and the subsequent handling of the multiple completion is approved by Working Interest Owners in accordance with the voting procedure set out in Section 4.3.2 of this Agreement.

ARTICLE 14 TITLES

14.1 Title Information: The Working Interest Owners of a Tract shall furnish and make available to the Unit Operator the most recent title opinion and supporting documents, which may or may not include updated abstracts to title, together with all other title information in the possession of such Lessees, affecting their title and that of their Royalty Owners to the Oil and Gas Rights in and to such Tract.

14.2 Warranty and Indemnity: Each Working Interest Owner represents and warrants that it is the owner of the respective Working Interests set forth opposite its name in Exhibit "D" and agrees to indemnify and hold harmless all other Working Interest Owners from any loss due to failure, in whole or in

part, of its title to any such interest, except failure of title arising out of Unit Operations; however, such indemnity and any liability for breach of warranty shall be limited to an amount equal to the net value that has been received from the sale or receipt of Unitized Substances attributed to the interest as to which title failed. Each failure of title will be deemed to be effective, insofar as this Agreement is concerned, as of 7:00 a.m. on the first day of the calendar month in which such failure is finally determined, and there shall be no retroactive adjustment of Unit Expense, or retroactive allocation of Unitized Substances or the proceeds therefrom as a result of title failure.

14.3 Failure Because of Unit Operations: The failure of title to any Working Interest in any Tract because of Unit Operations, including nonproduction from such Tract, shall not change the Unit Participation of the Working Interest owner whose title failed in relation to the Unit Participation of the other Working Interest Owners at the time of the title failure.

ARTICLE 15 LIABILITY, CLAIMS, AND SUITS

15.1 Individual Liability: The duties, obligations, and liabilities of Working Interest Owners shall be several and not joint or collective; and nothing herein contained shall ever be construed as creating a partnership of any kind, joint venture, association, or trust among Working Interest Owners. Each party here to shall be individually responsible for its own obligations as herein provided.

15.2 Settlements: Unit Operator may settle any single damage claim or suit involving Unit Operations if the expenditure does not exceed fifty thousand dollars (\$50,000.00) and if the payment is in complete settlement of such claim or suit. If the amount required for settlement exceeds the above specified amount, Working Interest Owners shall assume and take over the further handling of the claim or suit unless such authority is expressly delegated Unit Operator. All costs and expense of handling, settling, or otherwise discharging such claim or suit shall be an item of Unit Expense. If a claim is made against any Working Interest Owner or if any Working Interest Owner is sued on account of any matter arising from Unit Operations over which such Working Interest Owner individually has no control because of the rights given Working Interest Owners and Unit Operator by this agreement and the Unit Agreement, the Working Interest Owner shall immediately notify the Unit Operator, and the claim or suit shall be treated as any other claim or suit involving Unit Operations.

15.3 Indemnification of Unit Operator: The Working Interest Owners agree to indemnify and hold harmless the Unit Operator from each of the following losses:

(a) Bankruptcy or misappropriation of funds by a drilling contractor to whom a prepayment of intangible drilling costs has been paid for a well to be drilled in a subsequent year. The loss of such prepayment shall constitute an individual loss to the parties making such prepayment.

(b) Any adverse loss or tax consequence incurred as a result of a tax court or any other governmental agency not allowing the deduction of any intangible investment, for any reason.

15.4 Governmental Rulings: Non-Operators agree to release Unit Operator from any and all losses, damages, injuries, claims and causes of action arising out of, incident to or resulting directly or indirectly from Unit Operator's interpretation or application of rules, rulings, regulations or orders of the Department of Energy or predecessor agencies to the extent Unit Operator's interpretation or application of such rules, rulings, regulations or orders were made in good faith. Non-Operators further agree to reimburse Unit Operator for their proportionate share of any amounts Unit Operator may be required to refund, rebate or pay as a result of an incorrect interpretation or application of the above noted rules, rulings, regulations or orders, together with the Non-Operators' proportionate part of interest and penalties owing by Unit Operator as a result of such incorrect interpretation or application of such rules, rulings, regulations or orders.

ARTICLE 16
INTERNAL REVENUE PROVISION

16.1 Internal Revenue Provision: Each Lessee hereby elects that it and the operations covered by this Agreement be excluded from the application of Subchapter K of Chapter I of Subtitle A of the Internal Revenue Code of 1986, as amended, or such portion thereof as the Secretary of the Treasury of the United States or his delegate shall permit by election to be excluded therefrom. The Unit Operator is hereby authorized and directed to execute on behalf of each Lessee such additional or further evidence of said election as may be required by regulations issued under said Subchapter K, or should said regulations require each Person to execute such further evidence; each Lessee shall execute or join in the execution thereof. The election hereby made and the other provisions of this Article shall apply in like manner to applicable state laws, regulations, and rulings now in effect. In making this election each of the Lessees hereto hereby states that the income derived by it from the operations under this Plan of Unitization can adequately be determined without the computation of partnership taxable income.

16.2 Governmental Fines, Penalties: All fines, interest, penalties, etc., leveled by the Department of Energy or other governing authority shall be paid for out of the Joint Account. Furthermore, if the DOE determines an overcharge has occurred, each party agrees to pay to Unit Operator his share of the overcharge. Unit Operator shall forward this payment to the Agency. If any Overriding Royalty Interest or Royalty Interest Owner refuses to pay his share of the overcharge; then (1) his share of the overcharge shall be charged to the Joint Account; and, (2) if he later pays his share, either with cash or production, the Joint Account will be reimbursed.

ARTICLE 17
NOTICES

17.1 Notices: All notices required hereunder shall be in writing and shall be deemed to have been properly served when sent by mail, telegram, fax, email, or electronic means to the address of each Working Interest Owner as furnished to the Unit Operator in accordance with Article 4.1 of this agreement.

17.2 Notice of Transfer of Title: No change of title shall be binding on the Unit or the Unit Operator until the first day of the calendar month next succeeding the date of receipt by the Unit Operator of evidence satisfactory to it of change of such ownership. Each such transfer, assignment or conveyance, whether so stating or not, shall operate to impose upon the Person or Persons acquiring such interest the obligation of the predecessor in interest with respect to the interest so transferred and shall likewise operate to give and grant to the Person or Persons acquiring such interest all benefit attributable hereunder to such interest.

ARTICLE 18
WITHDRAWAL OF WORKING INTEREST OWNER

18.1 Withdrawal: A Working Interest Owner may withdraw from this Agreement by transferring, without warranty of title either express or implied, to the Working Interest Owners who do not desire to withdraw, all its Oil and Gas Rights, exclusive of Royalty Interests, together with its interest in all Unit Equipment and in all wells used in Unit Operations, provided that such transfer shall not relieve such Working Interest Owner from any obligation or liability incurred prior to the first day of the month following receipt by Unit Operator of such transfer. The delivery of the transfer shall be made to Unit Operator for the transferees. The transferred interest shall be owned by the transferees, in proportion to the respective interests so acquired, shall pay the transferor for its interest in Unit Equipment, the salvage value thereof less its share of the estimated cost of salvaging same and of plugging and abandoning all wells then being used or held for Unit Operations, as determined by Working Interest Owners. In the event such withdrawing owner's interest in the aforesaid salvage value is less than such owner's share of such estimated costs, the withdrawing

owner, as a condition precedent to withdrawal, shall pay the Unit Operator, for the benefit of Working Interest Owners succeeding to its interest, a sum equal to the deficiency. Within sixty (60) days after receiving delivery of the transfer, Unit Operator shall render a final statement to the withdrawing owner for its share of Unit Expense, including any deficiency in salvage value as determined by Working Interest owners, incurred as of the first day of the month following the date of receipt of the transfer. Provided all Unit Expense, including any deficiency hereunder, due from the withdrawing owner has been paid in full within thirty (30) days after the rendering of such final statement by the Unit Operator, withdrawing owner shall be relieved from all further obligations and liabilities hereunder and under the Unit Agreement, and the rights of the withdrawing Working Interest Owner hereunder and under the Unit Agreement shall cease insofar as they existed by virtue of the interest transferred.

18.2 Restriction of Disposition and Withdrawal: A Working Interest Owner shall not make any disposition of a Working Interest which does not include a corresponding interest in the Unit Equipment. No Working Interest shall be owned apart from a corresponding interest in the Unit Equipment and vice versa. Notwithstanding anything set forth herein, Working Interest Owners may refuse to permit the withdrawal of a Working Interest Owner if its Working Interest is burdened by any royalties, overriding royalties, production payments, net proceeds interest, carried interest, or any other interest created out of the Working Interest in excess of 18.75% unless the other Working Interest Owners willing to accept the assignment agree to accept the Working Interest subject to such burdens. No Working Interest Owner shall be relieved of its obligations hereunder during a blowout, a fire, or other emergency, but may withdraw from this agreement after termination of such emergency, provided such Working Interest Owner shall remain liable for its share of all costs arising from said emergency.

ARTICLE 19 ABANDONMENT OF WELLS

19.1 Rights of Former Owners: If Working Interest Owners elect to permanently abandon any Unit well prior to termination of the Unit, the Unit Operator shall give notice thereof to the Working Interest Owners of the Tract on which the well is located, and they shall have the option for a period of sixty (60) days after the sending of such notice to notify the Unit Operator in writing of their election to take over and own the well. Within ten (10) days after the Working Interest Owners of the Tract have notified the Unit Operator of their election to take over the well, they shall pay the Unit Operator, for credit to the joint account, the amount estimated by Working Interest Owners to be the net salvage value of the equipment in and on the well. The Working Interest Owners of the Tract, by taking over the well, agree to promptly and effectively seal off and protect the Unitized Formation in a manner satisfactory to the Working Interest Owners, and upon abandonment to plug the well in compliance with applicable laws and regulations.

19.2 Plugging: If the Working Interest Owners of a Tract do not elect to take over a well located within the Unit Area that is proposed for abandonment, Unit Operator shall plug and abandon the well in compliance with applicable laws and regulations of the Oil Conservation Division of the State of New Mexico with the expense of plugging be charge to the joint account.

ARTICLE 20 MAINTENANCE OF UNIFORM INTEREST

20.1 Maintenance of Uniform Interest: For the purpose of maintaining uniformity of ownership in the oil and gas leasehold interests covered by this agreement, no party shall sell, encumber, transfer or make other disposition of its interest in the lease embraced within the Unit Area and in wells, equipment and production unless such disposition covers either:

1. the entire interest of the party in all leases and equipment and production; or
2. an equal undivided interest in all leases and equipment and production in the Unit Area.

Every such sale, encumbrance, transfer or other disposition made by any party shall be made expressly subject to this agreement and shall be made without prejudice to the right of the other parties.

If, at any time the interest of any party is divided among and owned by four or more co-owners, Operator, at its discretion, may require such co-owners to appoint a single trustee or agent with full authority to receive notices, approve expenditures, receive billings for and approve and pay such party's share of the joint expenses, and to deal generally with, and with power to bind, the co-owners of such party's interest within the scope of the operations embraced in this agreement; however, all such co-owners shall have the right to enter into and execute all contracts or agreements for the disposition of their respective shares of the oil and gas produced from the Unit Area and they shall have the right to receive, separately, payment of the sale proceeds thereof.

ARTICLE 21 EFFECTIVE DATE AND TERM

21.1 Effective Date: This Agreement shall become effective when the Unit Agreement becomes effective. Upon its effective date, this Unit Operating Agreement shall supercede and supplant any and all previously existing operating agreements covering the Unitized Formation, or any portion thereof.

21.2 Term: This agreement shall continue in effect so long as the Unit Agreement remains in effect, and thereafter until (a) all Unit wells have been plugged and abandoned or turned over to Working Interest owners in accordance with Article 19 and Article 21; and (b) all Unit Equipment and real property acquired for the joint account have been disposed of by Unit Operator in accordance with instructions of Working Interest Owners; and, (c) there has been a final accounting.

ARTICLE 22 ABANDONMENT OF OPERATIONS

22.1 Termination: Upon termination of the Unit Agreement, the following will occur:

22.1.1 Oil and Gas Rights: Oil and Gas Rights in and to each separate Tract shall no longer be affected by this agreement, and thereafter the parties shall be governed by the terms and provisions of the leases, contracts, and other instruments affecting the separate Tracts.

22.1.2 Right to Operate: Working Interest Owners of any Tract that desire to take over and continue to operate wells located thereon may do so by paying Unit Operator, for credit to the joint account, the net salvage value, as determined by Working Interest Owners, of the casing and equipment in and on the wells taken over and by agreeing upon abandonment to plug each well in compliance with applicable laws and regulations of the Oil Conservation Division of the State of New Mexico.

22.1.3 Salvaging Wells: Unit Operator shall salvage as much of the casing and equipment in or on wells not taken over by Working Interest owners of separate Tracts as can economically and reasonably be salvaged, and shall cause the wells to be plugged and abandoned in compliance with applicable laws and regulations.

22.1.4 Plugging and Abandoning Wells: The responsibility and expense of plugging and abandoning all wells not taken over by individual Working Interest Owners pursuant to Paragraph 22.1.2 hereof, shall be borne by the Working Interest Owners. It is expressly understood that upon termination of this Unit Agreement, the responsibility and expense of plugging wells in compliance with all applicable laws and regulations shall rest with all of the Working Interest Owners of the Unit.

22.1.5 Distribution of Assets: Working Interest Owners shall share in the distribution of Unit Equipment, or the proceeds thereof, in proportion to their Unit Participation.

22.1.6 Obligations Payable After Termination: If any liability or obligation incurred prior to termination of the Unit shall accrue and become payable thereafter, the account shall be borne and paid as Unit Expense in the same manner as if it had accrued prior to termination of the Unit.

ARTICLE 23 RIGHTS OF WAY AND EASEMENTS

23.1 Assignment to Unit Operator: Each Working Interest Owner having rights of way, easements or leasehold interest in surface sites necessary for Unit Operations hereby agrees to assign, to the extent of its right and interest, to Unit Operator for the benefit of the Working Interest Owners, a non-exclusive right and interest in and to such interest.

23.2 Rental Payments: The owners of such interest agree to make any rental payments which may become due to avoid termination of any such interest for failure to make such payment prior to thirty (30) days beyond the date formal assignment of such interest to Unit Operator is accomplished as described in Section 22.1 above. Any payments made under this paragraph shall be considered a direct charge under Unit Expense.

23.3 Rights of Unit Operator: Such interest described in Section 21.1 above, shall continue with Unit Operator for so long as such are used for Unit Operations.

ARTICLE 24 EXECUTION

24.1 Original, Counterpart, or Other Instrument: An owner of a Working Interest may become a party to this agreement by signing the original of this instrument, a counterpart thereof, or other instrument agreeing to be bound by the provisions hereof. The signing of any instrument shall have the same effect as if all the parties had signed the same instrument.

ARTICLE 25 SIGNING, RATIFICATION OR APPROVAL

25.1 Original, Counterparts or Ratification: This Unit Agreement and Unit Operating Agreement may be signed, ratified or approved by signing the original of this instrument, a counterpart, or other instrument adopting the provisions hereof, all with the same effect as if a Person had signed the same instrument. Persons signing, ratifying or otherwise approving this Agreement thereby agree to all the provisions thereof.

25.2 Joinder in Dual Capacity: The signing, ratification or approval of this Unit Agreement and Unit Operating Agreement as herein provided by any Person as either a Lessee or as a Royalty Owner shall commit all interests that may be owned or controlled by such Person.

25.3 Heirs, Successors and Assigns: The signing, ratification or approval of this Unit Agreement and Unit Operating Agreement shall be binding upon the heirs, personal representatives, successors and assigns of the Persons so signing, ratifying or approving the same.

Executed as of the day and year first above written.
