Re: NMOCD Case \_\_\_\_\_ In the Matter of the Petition of the  
Valles Caldera Trust Concerning the Applications of  
GeoProducts of New Mexico, Inc. For Permits to Reenter  
Geothermal Wells, Sandoval County, New Mexico

Dear Mr. Boren

Please find enclosed a copy of the Petition filed in the referenced matter in behalf of the Valles Caldera Trust. We have requested that the matter be set for hearing by an Examiner of the Oil Conservation Division on February 5, 2004. The hearing will be held at the Division hearing room, 1220 South Saint Francis Dr., Santa Fe, New Mexico.

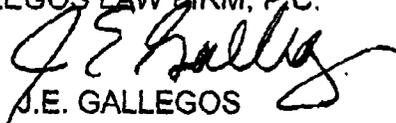

You are notified of GeoProducts' right to appear at the hearing, file pleading and present evidence concerning the issues raised. Failure to appear at the hearing may preclude any later involvement or opposition to the Petition.

Please be advised that Division regulations call for any participating party to file a timely Pre-Hearing Statement. That and any other filings that GeoProducts makes in the case should be served on the undersigned as attorney for the Valles Caldera Trust.

Sincerely,

GALLEGOS LAW FIRM, P.C.
