Scott, you are right. When I first checked the first of last week, there were 7 on the inactive well list, but 2 have come off. I can get this on the August 5 docket if you want.

Florene:

I'm seeing five wells on the inactive well list. Are there more that I am not picking-up for some reason?

Scott, I'm sorry, but our policy is not to set any injection applications for hearing if the operator is out of compliance in any way. According to our records, BC Operating, Inc. has 7 wells on the Inactive Well List, and they are only allowed 5 wells to be out of compliance. Please let me know if you have proof that our records are wrong.  
Thank you.

Florene
