Dear Mr. Hughart:

Reference is made to your application dated July 6, 2010 requesting approval to expand the West Bravo Dome Carbon Dioxide Unit (WBDCDU). This expansion will add approximately 42,331 acres to the current unit area of 34,655 acres. This expansion will result in an enlarged unit area of approximately 76,949.58 acres (gross).

The expansion is considered acceptable on the basis of your supporting geologic and engineering data. We hereby concur with the proposed expansion pursuant to the terms and conditions of the WBDCDU. Please provide this office with one copy of the application for final approval, accompanied by the appropriate joinders and final Exhibits "A", "B" and "C". Please be sure that Exhibit "A" at tract numbers 119, 120 and 125 are corrected to reflect Exhibit "B" tract numbers 118, 119 and 120.
