OIL CONSERVATION COMMISSION

IN THE MATTER OF THE HEARING  
CALLED BY THE OIL CONSERVATION  
COMMISSION FOR THE PURPOSE OF  
CONSIDERING:

CASE NO. 13048 (De Novo)  
Order No. R-11962-D

APPLICATION OF DEVON ENERGY  
PRODUCTION COMPANY, L.P. FOR  
COMPULSORY POOLING, SAN JUAN  
COUNTY, NEW MEXICO.

ORDER OF DISMISSAL

This matter was continued indefinitely on December 9, 2004, at the request of the applicant. Pursuant to an Order to Show Cause issued on September 28, 2010, this case came before the New Mexico Oil Conservation Commission on November 4, 2010, in order for the applicant and all interested parties to appear and show cause why the case should not be dismissed given the lengthy time period that it has been pending before the Commission. An appearance was made by Scott Hall for De Novo applicants EGL Resources, Inc. and Robert Landreth, working interest owners in the pooling unit authorized by Division Order No. R-11962. He explained that his clients' De Novo application has been withdrawn and that they have no objection to the dismissal of this case. No other appearances were entered at the November 4, 2010 hearing, and no objections were raised to the dismissal of this case. Now therefore, the Commission Chair,

FINDS THAT:

De Novo Case No. 13048 should be dismissed.

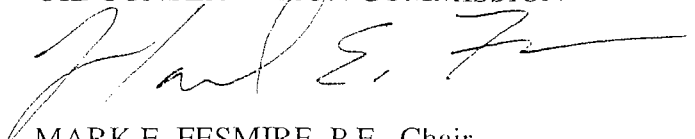

IT IS THEREFORE ORDERED THAT:

De Novo Case No. 13048 shall be and hereby is dismissed and Division Order No. R-11962 is hereby continued in full force and effect until further notice.

DONE at Santa Fe, New Mexico, on this 10<sup>th</sup> day of November, 2010.
