Hello Mr. Ingram:

It looks like with the addition of this well which is the subject of this case as inactive, Judah has more than the allowed 2 inactive wells.

David Brooks is the hearing examiner for this week's hearing.  
I am forwarding this to him.

Mr. Jones:

I represent Judah Oil in the above-referenced application. Hearing on our application was necessitated by surface owner Weems' protest. My clients have now bought Weems' surface interest and Weems has signed a retraction letter of their protest. Do we still need to have a 10/28 hrg. on this or can this be approved administratively at this stage? Please let me know today if you can. Thank you for your consideration.
