Subject: Judah Oil LLC SWD Application

Will –

We are representing Judah Oil in the matter of the SWD application for the Tecolote State No. 1 well. Can you please provide us with copies of the objections you received from Regan P. Weems and Mary Ann Weems, as well as the objection received from Mr. Gant to the previous application?

Additionally, can you please explain what the difference is between a regular SWD application and a “lease only disposal” application? What restrictions would “lease only” carry as opposed to a regular disposal permit.

Thank you for your assistance.

Anna
