

Case # 14,539 – Energen request for additional 8, 80-acre Pictured Cliffs pilot wells

Introduction

- Recommend 8 additional 80-ac pilot Pictured Cliffs wells as pay-adds to existing Mesaverde wells to determine economic feasibility of 80-acre downspacing in Energen operating area
 - Gavilan pool - 2 pilots
 - Tapacito pool (part) – 4 pilots
 - South Blanco (part) – 2 pilots

Project Overview

- Over 3,000 Pictured Cliffs wells operated by BR-COP, BP and Energen Resources
- Type Log - Upper/Lower PC Sands
- Energen most wells in SE Basin
- Drilled on 160-acre state-wide spacing
- Recommending 8 additional, 80-acre PC pay-adds to existing MV wells
