Attn: Donny Glanton

RE: Parkway 23 State Com wells 2H, 3H, and 4H

Dear Mr. Glanton,

We are in receipt of your letters requesting Mosaic's (formerly IMC Potash) consent for wells to be drilled in Section 23 of T-19-S and R-29-E. This area is west of the old AMAX mine and very remote from our holdings. Intrepid Potash on the other hand does hold leases in that general area and would therefore be the logical potash operator from which to obtain consent.

Mosaic has no standing in this particular township. Please contact Intrepid concerning these well locations.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Morehouse". The signature is fluid and cursive, with a long horizontal stroke at the end.

Dan Morehouse
Mine Engineering Superintendent
