Dear Roger:

As an adjacent landowner, the Farmington District, Bureau of Land Management has reviewed the proposal for a commercial disposal facility on Middle Mesa by RMI Environmental Services. The current stipulations presented and discussed during your recent meeting in Farmington adequately address our concerns previously raised. The Farmington District has no objection to this proposal given that the current stipulations are incorporated as part of the approval. However, if this proposal requires a hearing, this office requests notification of the hearing.

We request that any compliance problems noticed by BLM field personnel and subsequently reported to the Aztec Office of the New Mexico Oil Conservation Division be corrected promptly.

Sincerely,

Ilyse K. Gold  
Chief, Branch of Lands, Cultural,  
Recreation, and Environmental Compliance
