BABER, JR., INTEREST OWNER, AND ALL OTHER INTERESTED PARTIES TO APPEAR AND SHOW CAUSE WHY THE STATE "A" WELL NO. 1, LOCATED IN EDDY COUNTY, NEW MEXICO, SHOULD NOT BE PLUGGED AND ABANDONED IN ACCORDANCE WITH A DIVISION-APPROVED PLUGGING PROGRAM.

*CASE NO. 11202
ORDER NO. R-104/7*

ORDER OF THE DIVISION

BY THE DIVISION:

This cause came on for hearing at 8:15 a.m. on April 20 and September 7, 1995, at Santa Fe, New Mexico, before Examiner Michael E. Stogner.

NOW, on this 12th day of October, 1995, the Division Director, having considered the record and the recommendations of the Examiner, and being fully advised in the premises,

FINDS THAT:

- (1) Due public notice having been given as required by law, the Division has jurisdiction of this cause and the subject matter thereof.
- (2) The witness in this matter, Ray Smith, Deputy Oil and Gas Inspector for the Division, testified via telephone from the New Mexico Oil Conservation Division District Office in Artesia, New Mexico.
- (3) The operator of record for the State "A" Well No. 1 (**API No. 30-015-02331**), located 660 feet from the South and West lines (Unit M) of Section 36, Township 19 South, Range 28 East, NMPM, Eddy County, New Mexico, is Billy R. Wilson - Robinson Brothers Drilling, Inc. of New Braunfels, Texas.
- (4) G. A. Baber, Jr., of Hobbs, New Mexico, may own an interest in this well due to a recorded conveyance from Mr. Billy R. Wilson.

(5) Travelers Indemnity Company is the surety on a \$7,500.00 one-well plugging bond on which Billy R. Wilson - Robinson Brothers Drilling, Inc. is principal.

(6) The purpose of said bond is to assure the Division that the subject well will be properly plugged and abandoned when not capable of commercial production.

(7) The State "A" Well No. 1 has not produced hydrocarbon substance or has otherwise been inactive for more than one year, and no permit for temporary abandonment has been requested by the operator or approved by the Division.

(8) By virtue of the failure to use the subject well for a beneficial purpose or to have an approved current temporary abandonment permit, the well is presumed to have been abandoned.

(9) The current condition of the State Well No. 1 is such that if action is not taken to properly plug and abandon this well, waste may occur, correlative rights may be violated, and/or fresh water may be contaminated.

(10) Neither the operator, a representative from the surety, nor any other interested parties appeared at the hearing, either in support of or in opposition to this matter.

(11) The State Well No. 1, as described above, should be plugged and abandoned in accordance with a program approved by the supervisor of the Artesia District Office of the New Mexico Oil Conservation Division as soon as possible.

(12) Further, the Division Director should be authorized to take such action as is deemed necessary to foreclose on the subject plugging bond to help pay for the plugging costs incurred by the Division.

IT IS THEREFORE ORDERED THAT:

(1) The supervisor of the Artesia District Office of the New Mexico Oil Conservation Division is hereby authorized to direct the commencement of plugging operations on the State "A" Well No. 1 (API No. **30-015-02331**), located 660 feet from the South and West lines (Unit M) of Section 36, Township 19 South, Range 28 East, NMPM, Eddy County, New Mexico.

IT IS FURTHER ORDERED THAT:

(2) Further, the Division Director shall take such action as is deemed necessary to foreclose on the Travelers Indemnity Company \$7,500.00 one-well plugging bond on which Billy R. Wilson - Robinson Brothers Drilling, Inc. is principal.

(3) Jurisdiction of this cause is retained for the entry of such further orders as the Division may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.
