RE: Coal Creek Oil Co. Graham #1 H-20-29N-11W, API #30-045-08066  
No Plugging Bond

Dear Rand:

On December 22, 1987 Charles Ghoulson found the referenced well uncapped and uncased. This well is in a populated area within the Bloomfield City limits and poses a potential hazard.

Please docket a case calling for Coal Creek Oil Co., and all other interested parties, to appear and show cause why the Graham #1 should not be plugged and abandon in accordance with a division approved plugging program.

Sincerely,

Johnny Robinson  
Deputy Oil & Gas Inspector

Coal Creek Oil Co  
Graham #1

DIVISION APPROVED PLUGGING PROGRAM

1. Clean out and/or drill out hole to TD at 682'.
2. Set a cement plug 682' to 500'.
3. Come out of hole and WOC a minimum of 4 hours. Go back in hole with tubing and tag plug. If plug is above 550' go to step 4. If not fill to 500'.
4. Set a top plug 150' to surface.
5. Set dry hole marker, fill pits, clean and level location.

All plugs to be with neat cement with or without an accelerator. Plugs to be separated with gel mud weighing a minimum of 9# gal.

Re: Coal Creek Oil Co.  
Graham #1 H-20-29N-11W

Dear Florence:

I found the referenced abandoned well on December 22, it is uncapped and uncased, is in a populated area within the Bloomfield city limits and poses a potential hazard.

Please docket a case calling for Coal Creek Oil Co. and all other interested parties to appear and show cause why the Graham #1, located in the northwest corner of the southeast quarter of the northeast quarter of section 20, township 29N, range 11 west, should not be plugged and abandoned in accordance with a Division approved plugging program.

There is no plugging bond.

Yours truly,

Charles Gholson  
Deputy Oil & Gas Inspector
