CASE NO. 11205

APPLICATION FOR PLUGGING

1. W. R. Webb (hereinafter called "Operator") is the operator of the Fee #1 Well, located in Unit D, Section 6, Township 30 North, Range 11 West, San Juan County, New Mexico.

2. The subject well has not produced hydrocarbon substance or has otherwise been inactive for more than one year or is no longer usable for beneficial purposes and no permit for temporary abandonment has been requested by the Operator and approved by the Division.

3. By virtue of the failure to use the well for beneficial purposes or to have an approved current temporary abandonment permit, the subject well is presumed to have been abandoned and is required to be plugged.

4. By authority of Section 70-2-12 N.M.S.A. 1978, the Rules and Regulations of the

Division require wells which are inactive for more than one year or are no longer usable for beneficial purposes to be properly plugged.

5. Demand has been made upon the Operator to either place the subject well to beneficial use, obtain approval for temporary abandonment or properly plug and abandon the same and the Operator has failed to do so.

WHEREFORE, the Supervisor of District III of the Oil Conservation Division applies to the Director to enter an order:

1. Determining whether or not the Fee No. 1 well should be plugged in accordance with a Division-approved plugging program:

2. Upon determination that said well should be plugged directing W. R. Webb as Operator to plug said well.

3. Further ordering that if operator fails to plug and abandon said well as ordered by the Director, that the Division be authorized:

a. to plug said well;

b. to declare forfeit on said bond and to take such action to

foreclose on said bond; and

c. to recover from the Operator any costs of plugging in excess  
of the amount of the bond.

4. For such other and further relief as the Division seems just and proper.
