Re: Leonard Oil Company, State B-7717 Well No. 1
Section 2, T19S, R29E, Eddy County, New Mexico

Gentlemen:

Enclosed is a copy of a August 12, 1994, letter to you from Jim Morrow, Acting Supervisor for New Mexico Oil Conservation Division District II, requesting that you inform the OCD by September 15, 1994, of your plans to plug the above-referenced well.

The OCD has not received such plans as of the above date and is therefore by this letter informing you of its intent to hold a "show cause" hearing directing you to show cause why an order should not be entered determining that the well should be plugged, directing any plugging bond you posted to be forfeited, and directing you to plug the well. If you do not plug the well and the OCD is required to do so, the OCD will seek to recover any monies expended in plugging the well from you through all available legal means.

If we do not hear from you by February 9, 1995, we will set this matter for the above-described show cause hearing.

Sincerely,

A handwritten signature in cursive script that reads "Rand Carroll".

Gentleman:

A recent inspection of this well indicates that it is leaking and not properly plugged. Our files contain a plugging report for the well dated June 29, 1953.

We request that you review your records and contact us concerning the plugging of the well.

We will appreciate your cooperation. Please let us hear from you by September 15, 1994.

Very Truly Yours,

Jim Monrow
