Re: **REQUEST FOR CONTINUANCE**
NMOCD Case 11535
Revisions to Rule 303 (Downhole Commingling)

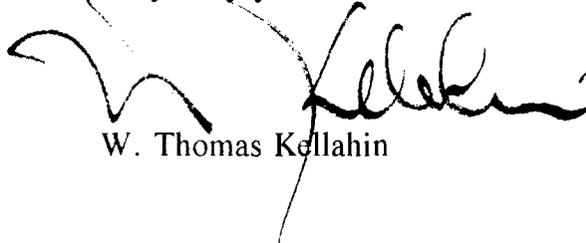

Dear Mr. LeMay:

On behalf of the New Mexico Oil and Gas Association's Rule 303 SubCommittee and its members, I request that the referenced case now set for hearing before the Commission on November 9, 1995, be continued to the Commission's January, 1996 docket.

Prior to presenting this matter to the Commission, we desire to complete our discussions of proposed rule changes with the Division.

A continuance will allow additional time for the Division to respond to the presentation made on October 12, 1995 by our committee to you as Director and to David Catanach and Ben Stone, as Division personnel responsible for processing administrative downhole commingling applications.

Very truly yours,

W. Thomas Kellahin
