Re: Application of Enron Oil and Gas Company for Amendment of Order No. R-10109, Promulgating Special Pool Rules for the Red Hills-Bone Spring Pool, Lea County, New Mexico.

Dear Mr. Fields:

This letter is to advise you that Enron Oil and Gas Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking amendment of the Special Pool Rules for the Red Hills-Bone Spring Pool, Lea County, New Mexico located in Sections 1, 12, 13, Township 25 South, Range 33 East, and Section 6, 7, 8, 17, and 18 of Township 25 South, Range 34 East, N.M.P.M., Lea County, New Mexico. The Special Pool Rules currently in effect were established on March 31, 1994, by Order R-10109 of the Oil Conservation Division of the State of New Mexico. The amendments Enron seeks are a change in the well location requirements, permission to place an additional well on each of the 80-acre spacing units, and a special oil allowable of 660 barrels per day.

This application has been set for hearing before an Examiner of the Oil Conservation Division on September 7, 1995. You are not required to attend the hearing, but as the owner of an interest that may be affected by this application, you may appear at the hearing and present testimony. Failure to appear at that time or otherwise become a party of record will preclude you from challenging this application at a later date.
