Re: Application of Enron Oil and Gas Company for Compulsory Pooling, Lea  
County, New Mexico

Dear Mr. Bailey:

This letter is to advise you that Enron Oil and Gas Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests from the surface to the base of the Morrow formation, South Bell Lake-Morrow Gas Pool, in and under the E/2 of Section 7, Township 24 South, Range 34 East, N.M.P.M., Lea County, New Mexico. Enron Oil and Gas Company proposes to dedicate the referenced pooled unit to its Bell Lake Unit 7 Well No. 1 which will be drilled at a standard location 2200 feet from the North line and 1980 feet from the West line of said Section 7.

This application has been set for hearing before a Division Examiner on March 21, 1996. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.
