Re: NMOCD Case 11512  
Order R-8170-O-1 & R-2441-B  
Application of Marathon Oil Company,  
Kerr-McGee Corporation and Santa Fe  
Energy Resources, Inc. to Terminate Gas  
Prorationing in the Indian Basin-Morrow Gas Pool,  
Eddy County, New Mexico

Dear Mr. Stogner:

Kerr-McGee Corporation has reviewed the referenced order and understands that the Division will issue a Nunc Pro Tunc order to correct a typographical error and thereby changed the interior setback from 130 feet to 330 feet.

They would appreciate you considering changing Rule 6 to add "geologic conditions" as a reason to obtain administrative approval of unorthodox well locations.

Very truly yours,

  
W. Thomas Kellahin
