Re: NMOCD Case 11807 DeNovo
Order R-10921
Application of Stevens & Tull, Inc.
for Salt Water Disposal
Lea County, New Mexico

Dear Ms Wrotenbery:

On behalf of Stevens & Tull, Inc., I would appreciate you continuing the referenced case from the Commission docket schedule for February 26, 1998 to the docket now scheduled for April 9, 1998.

Stevens & Tull, Inc. is the applicant in this case and the only party involved. Division Order R-10921 approved Stevens & Tull, Inc.'s requested salt water disposal well but precluded them from using certain of the existing perforations for injection. We desire a continuance in order to gather additional data for consideration by the Commission so that these perforations can be added to those already approved for injection.

Very truly yours,

W. Thomas Kellahin
